Eyewitness Travel Guide To Boston

Synopsis

The guide that shows you what other travel books only tell you! Whether planning a trip for business or pleasure, DK's Eyewitness Travel Guide: Boston is the only guide to the Bay State you will ever need. All of Boston's most popular sites are here: Fenway Park, the Massachusetts State House, Boston Common, Faneuil Hall, Old North Church, and Harvard Yard. Take a walk on the Freedom Trail, stroll through colonial Boston, Beacon Hill, the North End, and the Back Bay. Street-by-street maps suggest walking tours to explore all of Boston's landmarks, restaurants, shopping, museums, and nightlife.

Customer Reviews

Encyclopedic in scope, it's meant to be used before, during, and after your stay. (Travel & Leisure) Both novice and experienced travelers will be captivated. (U.S. News & World Report) Each book is a visual as well as informational feast about a particular place. (The New York Times) Let this guidebook be your companion for a visit to Boston. (Oregonian) The best travel guides ever. (Sky Magazine) For comprehensive advice that is attractively presented, publisher Dorling Kindersley's guides for serious travelers are tough to beat. (US News & World Report) Hats off to DK for the Eyewitness Travel Guides...[they] raise the bar for all others. (Dallas Morning News) The most graphically exciting and visually pleasing series on the market. (Chicago Tribune) Best book to have in your guest room at all times. (Boston Herald) Eyewitness Travel Guides are marvels of writing, color photography and illustration. What makes these so special is their thoroughness. (New York

Times Syndicate) This is a guidebook series that always seems to inspire smiles...You feel, looking at them, as if you could close the book and step into the street. (Contra Costa Times) Want to know where to get a great espresso on your way to the Uffizi? Or how much to tip a hotel maid in New York City? Try these travel guides, each an intricate trove of 3-D aerial views, landmark floor plans, color photos and essential eating, shopping and entertainment info. With titles covering Paris, Prague, and London, these pocket-sized guides are like a Michelangelo fresco: deliriously rich in detail. (People Magazine) Eyewitness Travel Guides, considered to be the world's best travel resource to over 30 destinations around the world, make it easier to plan a splendid vacation. (North American Press Syndication) Each new Eyewitness Guide adds more of the world to this wonderfully visual series.... What sets these guides apart from others is their striking, three-dimensional cutaways of key sites. (New York Daily News)

Be aware that this is the 2001 edition of this travel guide and therefore restaurants, hotels, etc are somewhat out of date.

The layout of the Eyewitness Travel Guides is outstanding; they separate cities by areas and color code each area, with tabs on the side of the book to make the area easy to find. There is a map of all the central color coded areas on the inside of the front cover, and inside the back cover, a more complete map of the region. Each chapter is a "color," covering Back Bay and South End, Beacon Hill and West End, North End and the Waterfront, Old Boston and Financial District, and Chinatown and the Theater District. There is a final "Farther Afield" chapter that covers Cambridge, the JFK Library and Museum, as well as his birthplace, which is a fascinating, small house in Brookline, the Museum of Fine Arts, the U.S.S. Constitution in Charlestown, and much more. For those like me who can't live without maps, there are plenty of them. Each chapter starts with an area map that has numbered location markers, and other pages have highway and train maps, a six page "Street Finder", and more. As well as information on all the sights to see in this great city, you get "The History of Boston," "Boston Through the Year," "Travelers' Needs," with hotels, restaurants, entertainment, etc. A "Survival Guide" that covers emergency, banking, and practical concerns, and is a must for any foreign visitors to the city, ends this most useful of all guide books. I lived in the Boston area for many years, and appreciated its rich history and beauty, and there is no single guide that represents the city as well as this one. With sturdy construction and terrific photography, reproduced on thick, glossy pages, if you're travelling to Boston, or any major city (I also have the Chicago, San Francisco, and New York City books), Eyewitness Travel Guides are the first, and

maybe the only, guide book you'll need. Make sure to always get the latest edition of the guide for updated information, although all of the editions will carry the same information on the landmarks, and will be good for sightseeing.

I live in New England and this is another of my favorite books from this region of the country. DK has always published quality books in their Eyewitness Travel Guides and they have done an excellent job with this volume on Boston. Unless you visit Boston on a frequent basis it is easy to get disoriented. I really found this book quite useful and the colorful layout of this book with maps, illustrations, photographs and text really inspired me to delve into its pages and check out one of New England's premier cities. The historical information on Boston was invaluable. I never realized some of the things I used to walk past. I think it is also very informative, not only from a historical perspective, but also as a point of reference for sightseeing, travel and enjoyment.

My old favorite is the Michelin Green Guide to New England and it remains the best for driving tours. But if you're popping into the city for a weekend of power tourism, this D-K book is the best. If you're a photographer, you'll appreciate the thumbnail images of every sight that you're considering visiting. As a bonus, this guide offers thoughtful hotel and restaurant recommendations. I've lived in Boston for 20 years and didn't find anything in the book with which I disagreed.

The Eyewitness Travel Guide to Boston was recommended to me in a bookstore and it was perfect for a recent 5-day trip to Boston. The guide is laid out by area, so you really get a feel for what else is around you when you are at a particular destination. The overall maps are very good and well detailed and the book is chock full of great photos. It also includes great history and background info. My Boston friend kept asking me "how do you know all this stuff?"

This Eyewitness book is up-to-date and very practical. It contains a lot of pictures which is extremely useful if you are planning a trip. When planning the trip it makes the book in a way easier to use than for example the Lonely Planet of Boston since you got a clear picture of the surroundings.
