Customer Reviews

Book was in proper condition, shipped very fast, and the whole purchase went really smooth. Great book for beginners in aerobics.

Works for what is needed. A bit rough for wear but readable.

I rented this book and it satisfied my expectation because it arrived at the expected delivery date. It is very reliable and I like that when it comes to purchasing/renting online!

I didn't really need you so I returned you

Great for class.

Massive amount of unnecessary text & theory. Too few sequential pictures of exercises.

okay

Very good sender. Got my book in a reasonable amount of time for school. And it was exactly what the description said it would be! Very happy!
