Zumba: Ditch The Workout, Join The Party! The Zumba Weight Loss Program

Synopsis

Note: This is a Hardcover book with DVD. TIRED OF LOGGING HOURS AT THE GYM AND NOT GETTING RESULTS? WANT TO EAT DELICIOUS FOODS AND STILL LOSE WEIGHT? SHAKE THINGS UP AND SLIM DOWN WITH THE WEIGHT LOSS PHENOMENON THAT'S TAKING THE COUNTRY BY STORM... ZUMBA! Created by celebrity fitness trainer Beto Perez, Zumba combines fun, easy-to-follow dance steps with hot Latin beats to help you shed pounds and inches fast. Now the DVD and classes that have hooked millions are available in book format, with a complete workout program, fat-burning diet, as well as a DVD with a 5-minute instructional demo that shows the basic moves you'll need to learn plus 60 minutes worth of music to help you Zumba your way to the perfect body. Using the principles of interval and resistance training, the simple dance and sculpting moves (inspired by the traditional cumbia, salsa, samba, and merengue) tone and shape your body. And because it burns 600 to 1,000 calories per hour, you don't have to restrict your meals to boring or bland-tasting diet foods. The Zumba diet begins with a 5-Day Express Diet to jump start weight loss (lose up to 9 lbs in 5 days) and then offers 14-day meal plans and recipes that target weight loss in the stomach and thighs. You'll find:

- Hot moves that make you feel like you're on the dance floor-not on the elliptical machine!
- Recipes for mouthwatering meals that boost your metabolism
- Dozens of workout combinations so you never get bored
- An exclusive jump-start program to get you ready for that big event next weekend
- An easy plan to help you keep up your progress and maintain the weight loss

So start moving, grooving and losing with Zumba today!

Celebrity fitness trainer Alberto "Beto" Perez is originally from Cali, Colombia. Before creating and launching Zumba in the U.S. in the late '90s, Perez attended the Maria Sanford Brazilian Dance Academy, became an instructor and choreographed dance routines for high profile performers, including platinum album selling artist Shakira. He now resides in Miami, FL. The Zumba brand sells DVDs, CDs, clothing and workout gear at www.Zumba.com and www.Zumbafitness.com

This book is full of information on why you should and should not eat certain foods. You'll learn which foods give you a flatter stomach, which foods will help in the thigh area and what to eat if you want more energy as well as nutrition for organ health. The 5 day diet changed my eating habits for life. The diets are easy and the entire family can enjoy the meals without even knowing they are on a diet. I purchased this book in order to also get the included DVD but unfortunately the DVD wasn't included, but the seller took responsibility for that.

This book really helps a lot if you're trying to use Zumba to get fit. It has the basic Zumba dance steps, talks about weight loss, and even has different meal plans you can follow and recipes to help you lose weight the fastest in a healthy way. I got more than I expected from this book. I would recommend it to those who want to do /learn Zumba and have a great diet plan to go along with it.

After reading the other reviews, I decided to order this item. The story of how Zumba came to be was very interesting. If you are the type of person who can learn from a book, the dance step diagrams will work for you. There are three Zumba routines in the book. The idea is to learn the steps, memorize the routine and timing, then follow along with the DVD. However, the DVD is basically a music CD with a huge timer, no instructor and no indication of what step you are supposed to be doing. I found an error right away: the first song on the DVD, a merengue, does not have a corresponding routine in the book. I emailed [...] to let them know and asked if they could provide the routine. After 6 days I have not heard from them. Overall, I really love the music and have learned the steps enough to do my own routine to the DVD. My health club only offers one Zumba class per week. The book/DVD allows me to practice and enjoy Zumba more often.

I read the product info and the reviews. I feel that I got way more than my money's worth. I was only

expecting a little info, a short lesson and to see if I wanted to "join the party." I am even more excited to take the next steps, purchasing some dvd's and find a class. I love to dance and this is my favorite type of music. Also, I have wanted to be able to just dance without worrying about having a partner. Thank you for sharing your story also, Beto. I found it inspiring for more than just the fitness. I haven't gotten to the diet information, yet, but do look forward to it.

I have gained 80lbs since recovering from a coma following a severe accident. I have wasted time, \$\$ and failure with multiple weight loss programs. This book and DVD are wonderful!! The book is very informative and so easy to help me understand with my brain trauma. The Zumba is so very easy to follow with the awesome way the DVD was made. My deep appreciation to Mr. Perez and I hope many other folks follow him as well. It will do them wonders and bring great enjoyment as actually fun!

I purchased this book for an online class that I am taking. It arrived on times and was brand new. It is a really good book so far. It is very informative and has helpful guides to dieting and healthy eating and living.

I really like the book - if you want to learn about Zumba, this is the one to get! I had back surgery January 2011 and wanted to learn all about the dance exercise before I tried it. Between the book and my surgeon, we decided it was ok - and it is! Now I'm in a Zumba class once a week and other days on my own with the music, etc. from the book/cd. It is helping to strenghten my back and other areas that lost some muscle from the back problems/surgery.

Delivered even before promised and in great condition. Everything was in great condition. Excellent service and never had to worry about anything. Product listed in with DBVD's so I thought I was ordering a DVD not a book and I had to return it which is time consuming. If you look for DVD's should only list them and not anything else so as to avoid confusion.
