Mom Set Free: Find Relief From The Pressure To Get It All Right

Synopsis

Combining modern research, personal stories, professional experience, and real-life examples, Jeannie Cunnion shows parents how to embrace God's grace and let go of the pressures-external and internal-that come with raising children. Moms are under So. Much. Pressure. We moms are told that we have to get it all right so our kids turn out right. We're told that their entire futures are riding on our ability to perfectly orchestrate their lives. And we're told that the strength of their faith hinges on ours. And we begin to believe that if we just try hard enough, we can actually "be enough." These impossible standards leave us stuck in worry, anger, guilt, comparison, and shame. Jeannie Cunnion gets it. And in *Mom Set Free* she reveals how the Good News of the Gospel empowers us to live-and parent-in the freedom for which Christ has set us free. Jeannie invites us to journey alongside her as we learn to:

- Lay down what God has not asked us to carry so we can thrive in what He has.
- Embrace our significance in our children's lives in light of God's sovereignty.
- Trust God with the children He has entrusted to us.
- Receive God's grace so we can reflect God's heart to our kids.

In our efforts to raise great kids, we Moms put a ton of pressure on ourselves. We want to get it all right, and we feel like we've failed anytime our kids do not meet our (or anyone else's) expectations. We try to extend grace to our kids, but we are often drawing from an empty well. *Mom Set Free* spoke to this in me in a profound way. I cannot give my kids what I have not received for myself! I knew that in my head, but this book made it so much more real in my heart. I will return to Jeannie's words again and again, like a fresh shower when I find myself overwhelmed and striving too hard. Every Mom should make the time to read this book! I was given an advanced copy of *Mom Set Free*, but have ordered more copies to give to friends!

I am so thankful for Jeannie sharing the words that God gave her because they have breathed new life into me! *Mom Set Free* not only shares the undeniable truth that God shares in His Word but it gives practical and tangible insight that we can apply to our lives. Jeannie shares her own story and struggles - she's raw and honest. Her writing made me feel like I was sitting down with a cup of coffee talking to a dear friend, which is exactly what moms need! I can't recommend this book enough!

This book is such a breath of fresh air and what I think every momma's heart needs. It was a game changer for me, and I'm giving it all the praise!! Us mom's feel so overwhelmed with a pressure to do it all and be it all for our kids. And, if we're not the uber chic, trendy, Pinterest mom, who ALWAYS has the whole #momming thing down, then we're not a good mom at all. At least, that's what we're led to believe about ourselves. What if there's a way of being a mom, being a parent, that looks completely different from that? What if there's a grace-filled way to live out our lives, only seeking what's most important. Filling our mom hearts up with God's love, goodness, and grace, and living

out of an overflow of those things instead? Mom Set Free explores how we can simply be the best mom for our sweet little ones, and create transformed homes filled with that same love, goodness, and grace, by not succumbing to the pressures society places on us, but instead by grasping who God truly is to us, and what He has to offer us. Are you ready to be set free, dear momma? Thank you Jeannie Cunnion for pouring your heart out on these pages, and sharing with us something truly beautiful to cling to! I simply can't find enough great words to say about this book!

As a young mom and as someone who struggles with worry and fear of whether or not I am good enough, the truth in this book breathed new life into my soul. There is no shortage of parenting books out there but this one is different. Rather than feeling more stressed by all of the expectations and rules in a typical parenting book, I found hope and joy within the pages of this book. Jeannie offered the encouragement I needed to parent in the confidence of who God is rather than what I am not. She reminded me that it is not our job to BE God in our children's lives, but to point them TO God. And her writing gave me a hope-filled invitation to trust God with the precious child God has entrusted to me. This book will remain a staple on my nightstand and I look forward to reading its hope-filled truth again and again.

Jeannie is not only a deep thinker, she's a terrific communicator that welcomes you into the truth about societal messaging - you know, the almost incessant pressures and stress to perform close to perfection - not only hitting our kids, but also parents. So there's that, but there's also the beautiful, gentle & winsome way she unpacks God's invitation to understand freedom from the pressures through Christ's grace. Though the concept of grace is hard to grasp, to embrace or even to buy - since it's almost too good to be true, and how does it work anyway - Jeannie dives into what it means to know the freedom for which we have been set free. Then she takes it a step further to ask, then answer: what does it look like to have that overflow into parenting? And since grace applies to more than just parenting, get ready - the message will inform so many other aspects of your life. Thanks Jeannie for taking the time and effort to put pen to paper.

After a tough night of parenting where I found myself dissecting all that my husband and I could have done differently, I anxiously woke up at 5 a.m. and got back to reading this book. Jeannie Cunnion does a beautiful job of reminding us (me!) that, while parenting is a huge job, we are not the master potters of our children's hearts. Through scripture combined with wisdom and lots of humble confession, she sets out to set us free. If you're a mom struggling to get it right, please pick

up this book. You will not regret it! You might even give up the struggle and trade it in for some trust and peace and a deeper walk with God.

As a mom of older kids, I can attest to the fact that this book is equally applicable to parents of little ones as well as parents of teenagers and older. Jeannie writes so honestly and and courageously about her failed attempts to "get it all right" and her battles with trying to parent in perfection that I found myself thinking right away, "Me too!" But she doesn't leave us there. Jeannie shares God's truth that we have been set free to point our kids to Christ, knowing that His grace is sufficient. With college-aged kids, I found Jeannie's wisdom to be very applicable at this season in my parenting. After all...aren't we always a parent to our kids, no matter their age? And Jeannie's encouragement to trust God with the kids He has entrusted to us rings true at any phase of parenthood.

I loved Jeannie Cunnion's first book, and this one is equally powerful. Packed with truth, humility, humor, and refreshing wisdom, "Mom Set Free" offers a much-needed escape for today's moms, who feel exhausted by the constant quest to be the parents we thought we'd be (and often fail to measure up to). By helping us fix our eyes on Christ - and teaching our kids to do the same - Jeannie leads us to a place of deep, soulful peace where we can rest in God's love and be restored for the journey ahead. This is a must-read and a necessity for every mother's bedside table!
