# Heart To Honduras Fieldworker's Manual

## Synopsis

The Fieldworker's Manual is a vitally important resource to help North American ministry teams prepare for their short-term missions trips to Central America through Heart to Honduras. The Manual guides trip participants through all the steps necessary to prepare to travel, informs them of what to expect once they arrive in Central America, describes the work and mission of Heart to Honduras, provides information on the three countries we serve, and guides participants in reflecting on and processing their experience as they return home. We consider it required reading for everyone who travels with Heart to Honduras. [www.hth.org](http://www.hth.org)
