Foundations Of Speech And Hearing: Anatomy And Physiology

Synopsis

Foundations of Speech and Hearing: Anatomy and Physiology is a comprehensive textbook for undergraduate-level anatomy and physiology courses in communication sciences and disorders programs that is neither oversimplified nor excessively detailed. The book is written with clinical endpoints in mind and only those topics that are ultimately important to understanding, evaluating, and managing clients with speech, hearing, and swallowing disorders are covered. Drawn from the best selling Preclinical Speech Science: Anatomy, Physiology, Acoustics, and Perception, Second Edition textbook (Hixon, Weismer, & Hoit, 2014), the authors distilled and simplified the chapters on breathing and speech production, laryngeal function and speech production, velopharyngeal-nasal function and speech production, pharyngeal-oral function and speech production, brain structures and mechanisms, and swallowing to ensure they are approachable for entry-level students. They also added a new chapter on the anatomy and physiology of the auditory system. Key features:

- Numerous beautiful, full-color illustrations
- Presents complex information clearly in a concise, easy-to-understand manner
- Written with a practical focus in mind
- Supplementary resources on a PluralPlus companion website including an image bank, study questions, and exercises

NOTE: This book comes with supplementary content on a PluralPlus companion website. If you purchase or rent a used copy of the printed book, the code to access the website printed inside the book may have been previously redeemed/used or be incorrect and you will not be able to use it. To guarantee access to the website, it is recommended you purchase a new copy of this book directly from or the publisher, Plural Publishing.

Book Information

Hardcover: 340 pages

Publisher: Plural Publishing, Inc.; 1 edition (December 30, 2016)

Language: English

ISBN-10: 1597569593

ISBN-13: 978-1597569590

Product Dimensions: 0.8 x 9 x 11.5 inches

Shipping Weight: 3.2 pounds (View shipping rates and policies)

Customer Reviews

Jeannette D. Hoit, PhD, CCC-SLP is a Professor in the Department of Speech, Language, and Hearing Sciences at the University of Arizona and a speech-language pathologist. Dr. Hoit received her BA in Anthropology from University of California at Los Angeles, her MA in Communicative Disorders from San Diego State University, her PhD in Speech and Hearing Sciences from the University of Arizona, and pursued postdoctoral study in the Harvard School of Public Health Respiratory Biology Program and the Massachusetts Institute of Technology Speech Research Laboratory. Dr. Hoit's research focuses on speech physiology, with an emphasis on normal aging and development, neuromotor speech disorders, and respiratory function and dysfunction. Dr. Hoit is a past-Editor of the American Journal of Speech-Language Pathology, a Fellow of the American Speech-Language-Hearing Association, and past-President of the American Association of Phonetic Sciences. She has received a Distinguished Alumnus Award from San Diego State University and several teaching and mentoring awards from the University of Arizona. Gary Weismer, PhD, is Chair and Oros-Bascom Professor of Communication Sciences and Disorders (CSD) at the University of Wisconsin-Madison, Madison, Wisconsin. He received his bachelor's and master's degrees at the Pennsylvania State University, and his doctorate from UW-Madison in 1975. Dr. Weismer's research publications concern normal speech production, and speech production and intelligibility phenomena in persons with motor speech disorders. Dr. Weismer has twice been Associate Editor for the Journal of Speech, Language, and Hearing Research (previously the Journal of Speech and Hearing Research), was Associate Editor at Folia Phoniatica et Logopaedica (FPL) for seven years and in 2011 was named Editor in Chief of FPL. Dr. Weismer has won several teaching awards, including a mentoring award in the UW-Madison Honors program and several residence hall awards for outstanding teaching. Dr. Weismer is a member of the Executive Board of the International Association of Logopedics and Phoniatrics (IALP), and is a Fellow of the Acoustical Society of America.
