# Earth Magic Oracle Cards: A 48-Card Deck And Guidebook

## Synopsis

The Earth speaks to us in many ways through the spirits of her various elements. In this deck of 48 oracle cards created by Steven D. Farmer, you'll find descriptions and images of several of these Earth elements along with clear and concise messages from the spirits of each. Through the use of these cards, you'll uncover sensible advice that will provide guidance for questions you may have about any aspect of your life. The enclosed guidebook includes easy-to-follow instructions as well as expanded descriptions and messages for each card, allowing you to give yourself and others accurate, meaningful readings.

I was going to originally give this review 3 stars, but I just couldn't, due to the absolutely gorgeous artwork and the powerful spiritual message that these cards bring. They are wonderful.

However...my major complaint with this deck is that the cards are not individually numbered. There are 48 cards in this deck, so if I pull a card (as I like to do each morning with my meditations). Well, I'd have to flip through the whole handbook that accompanies this deck backwards and forwards just trying to find the card based on the miniature pictures in the booklet....which can be very time consuming. I found this so annoying, that I actually pulled out a pen and numbered the cards myself in the corner of each card, then wrote the number in the accompanying booklet to match up, so as to make it easier to locate the card with the page in the book. Of course, I could just look at the card, and pretty much interpret it as I CHOOSE to see it without looking in a guide book, sure. and sometimes that's what a lot of us do I'm sure. But with a new deck, it's nice to be able to have a little guidance on the cards. So I read the booklets that accompany them just to get an introduction to the deck. My suggestion to the printers - if they spin out any new editions of this deck for the future, if they could put numbers on each card, it would make it infinitely easier for people to locate the card in the booklet and not spend 10 minutes flipping around trying to find out where it is. Just a suggestion. Otherwise, I love these cards.

Not my favorite. I reach for this deck only every once in a while. It has been helpful when it's called out to me, but that isn't often.

Insightful. The pictures are gorgeous. My only complaint is that the cards are big and they stick together so it's hard to shuffle and spread them (how I like to pick out a card). Overall, Highly recommended

Really pretty oracle cards, and the meanings are written well. Straight up nature for the most part, for people who like their oracles more down-to-earth and less fairies and twinkle dust. (There \*are\* some fairies, though, so don't despair if you're a fairy fan!)

These cards are breathtaking. The illustrations are wonderful and one can take all the meaning they need from just the card itself (most of the time). My only complaint would be the explanations within the guide. They were a little too specific for my taste and no alternative interpretations were offered. I have not been using tarot cards for a long time and perhaps I need more experience, but this was my first impression of this deck.

Very pleased with this deck - as a visual person, the cards' images are beautiful and very open to

interpretation. I feel there is little need to use the guidebook, which is also pretty insightful for those who do read it. After doing readings for several friends that were spot on, I've a healthy respect for how powerful this deck is. Highly recommend!

As with many of Steven D. Farmer's products, I appreciate his attention to details and the quality of these cards is exquisite. Both the artistic imagery on the front and back, as well as the brief descriptors of the symbolic meaning were perfect for my workshops on "Reconnecting with Nature and Animal Spirits as well as Our Own Miraculous Nature." I sincerely appreciate the work and craftsmanship that went into this deck! Thank you!

I love these cards. Earth Magic oracle is one of my favorite decks. Since I have got them about a month ago I have been pulling a card everyday from them and have not grown tired of them. The cards are stunning visually and the pictures really go with the words on the top of the card. I am actually able to tune in to this deck and understand what it is trying to say which I can't say for some of my other decks. I love how it is Earth based and am now looking to get Farmer's Messages from your Animal Spirit Guides oracle which I know will compliment this deck. I can feel the Earth energies on this deck.
