Inside The Islamic Republic: Social Change In Post-Khomeini Iran

Synopsis

The post-Khomeini era has profoundly changed the socio-political landscape of Iran. Since 1989, the internal dynamics of change in Iran, rooted in a panoply of socioeconomic, cultural, institutional, demographic, and behavioral factors, have led to a noticeable transition in both societal and governmental structures of power, as well as the way in which many Iranians have come to deal with the changing conditions of their society. This is all exacerbated by the global trend of communication and information expansion, as Iran has increasingly become the site of the burgeoning demands for women's rights, individual freedoms, and festering tensions and conflicts over cultural politics. These realities, among other things, have rendered Iran a country of unprecedented-and at times paradoxical-changes. This book explains how and why.

Book Information

Paperback: 368 pages

Publisher: Oxford University Press; 1 edition (December 15, 2016)

Language: English

ISBN-10: 0190264845

ISBN-13: 978-0190264840

Product Dimensions: 8.5 x 1 x 5.6 inches

Shipping Weight: 1 pounds (View shipping rates and policies)

Customer Reviews

"As the Islamic Revolution of Iran approaches its fortieth anniversary, a popular conception of this country persists: that of a static society under the control of hardline anti-Western clerics. This volume provides an alternative reading of Iran by focusing on the dynamics of social change. Focusing on a panoply of socioeconomic, cultural, institutional, demographic and international factors, this group of distinguished Iranian studies scholars, demonstrate the evolution and transformation of changing identities, norms and values that often challenge the authoritarian model of Iran's revolutionary founders. The future of Iran is very much connected to these developments making this volume essential reading for any serious student of this topic." -- Nader Hashemi, Director of the Center for Middle East Studies, University of Denver" Hundreds of books and articles

have been published about post-revolutionary Iran in the West, many of which offer only a crude caricature of the Islamic Republic. This erudite volume provides an important corrective to the superficial portrayal of Iran's society, culture and politics. The contributors have deep knowledge and understanding of a huge breadth of issues concerning the country, informed by years of scholarly research. A must-read." -- Nader Entessar, co-author of *Iran Nuclear Negotiations: Accord and Détente since the Geneva Agreement of 2013*"*Inside the Islamic Republic* is an excellent collection of articles about the profound changes that have taken place inside Iran during the past three decades. Written by some of the leading experts on modern Iran, the book addresses such important issues as the struggle for democracy, women's rights, and the role cinema, music, and poetry plays in Iranian society. Anyone interested in understanding Iran as it is, and not as it is portrayed in the mass media, must read this seminal book." -- Mohsen M. Milani, Executive Director, USF World Center for Strategic & Diplomatic Studies (CSDS), University of South Florida

Mahmood Monshipouri is Professor of International Relations at San Francisco State University. He has published and edited a number of books, most recently *Democratic Uprisings in the Middle East and North Africa: Youth, Technology, and Modernization*.
