The Great Inception: Satan's Psyops From Eden To Armageddon

Synopsis

You stand on a battlefield, surrounded by an enemy that you've been told doesn't exist. This is a classic example of a PSYOP a psychological operation, a mission to change what you believe by feeding you information that is inaccurate, incomplete, or an outright lie. This PSYOP is one of many by entities who've been at war with God since the Garden of Eden. The Bible calls them gods. God Himself calls them gods. But we've been taught that they're imaginary, so we stumble around the battlefield completely unprepared to defend ourselves. In *The Great Inception*, you will learn: How we know the war between God and the gods is real* The importance of mountains and the holy mountain where the final battle will be fought* Why the Tower of Babel was not in Babylon and the real reason God stopped it* Where God led His heavenly army to battle the chief god of the Canaanites* The true identities of Satan and Apollyon, king of the demons in the abyss* The mystery behind what God meant when He told Abraham about the sin of the Amorites* Why the Red Sea crossing was a literal battle between God and Ba`al (and why a Canaanite god was in Egypt in the first place)* Connects Titans of Greek mythology, the Nephilim of Genesis 6 with people who fought Israel from the time of Moses to the present* Jesus did battle with the rebel gods* How the moon-god of ancient Babylon influences world events today* Where Armageddon will be fought (it's not where you think)* Possible end-times scenario that includes the most diabolical double-cross in history Combining research from scholars of ancient history, languages, archaeology, and Bible prophecy, Derek P. Gilbert shows that the Bible is anything but a boring list of thou-shalt-nots; it's an epic tale of a war between God and the rebel gods who want to usurp His throne before He can restore humanity to His holy mountain and the place we once had in the divine council.

Amazing research into the "gods" of old and the Biblical history not taught in churches. It gives you more of an understanding of the Old Testament and how the Watchers were involved in rebellion against God.

An amazing book that will open your eyes to the Bible and how the ancients viewed the world. Just a great book!

This book covers heavy topics, that are absolutely needed in the Christian world. Derek has open my eyes to things I haven't seen or considered before. He's a very good teacher, you'll be blessed after reading The great Inception.

If you have not read The Unseen Realm by Dr. Michael Heiser, it will forever change your perspective, worldview and interest in reading the Holy Bible. This book, The Great Inception: Satan's Psyops from Eden is every bit as good as The Unseen Realm. Derek P. Gilbert has done a masterful job of building upon Dr. Heiser's work with an incredible amount of historical research and I was unable to put the book down until completion in about 10 hours. I wish I could give it 10 stars.

if you have knowledge that this book exists, you already know what it is about...this is a top choice, highly recommended, and a great companion piece to Dr Heiser's book, "Reversing Hermon"...jo'c

well....a lot of.....well that could be, it might have been and maybe it was.....etc a lot of use your imagination and this is what it means. not a bad read though

Every Bible believer needs to consider these things. It would focus our energies to be most effective

for Yeshua ha Mashiach's goals in this world.

this was a great read and will hold a special place on my shelf of books to reference from time to time. It gives the reader the BIG PICTURE view of why we are here on this planet and what is our role -
