All-in-One Dutch Oven Cookbook For Two: One-Pot Meals You'll Both Love

Synopsis

With one-pot meals specifically designed for duos, the All-In-One Dutch Oven Cookbook for Two is your ultimate solution to unwanted leftovers. Many Dutch oven cookbooks offer recipes meant to serve 6 or more. But why overspend on pricey ingredients or waste time in the kitchen you're only cooking for two? The All-In-One Dutch Oven Cookbook for Two will show you how to create the wholesome, delicious meals you want without all the leftovers you don't. More than 90 creative Dutch oven recipes that go beyond chili and stews, offering new perfect-for-two favorites like Butternut Squash Risotto and Chicken and Herb Dumplings. Meals prep in less than 15 minutes and cook in under 45 minutes and use only your Dutch oven for a nearly hands-off cooking experience. A sample weekly meal plan perfectly-portioned for two covers breakfasts, mains, vegetarian options, and even desserts. Created by culinary instructor and food writer Janet Zimmerman, the All-In-One Dutch Oven Cookbook for Two calms the common stressors that can go along with cooking for two. You'll buy only what you need, use just one pot, and wipe your hands clean after the quickest cleanup ever. "My new favorite cookbook! I especially love that these meals are meant for two people and my husband and I don't end up with a ton of uneaten leftovers. A great cookbook for couples!" • Holly S., Customer

Customer Reviews

I recently purchased the recipe book entitled "All-in-One Dutch Oven Cookbook for Two: One-Pot Meals You'll Both Love". I like to do a lot of crock pot and other one pot meals. I saw this recipe book for dutch oven one pot cooking and thought this would be perfect to try. I ordered the book and thanks to Prime it arrived two days later. The cookbook has a wide variety of recipes. They are well written with easy to follow explanations. As with most cookbooks I have seen, there are a lot of recipes I would never bother trying, but there are also a lot I would. The sole negative of this cookbook is that it does not have pictures. There are only a couple pictures in it. I really like to have pictures with most, if not all, of my recipes because it gives me an idea of what I will be doing, plus gives ideas of piece sizes, etc. I also like to see if the dish will be attractive for my husband since I will be springing new recipes on him and wanting to encourage him visually to taste with an open mind. Overall I would say this cookbook has good recipe variety and construction, but poor on the visual aspect so I am only giving it four stars.-----

Love the recipes in this book, however, for a person that is counting my calories this is not the best. I wish the author would have thought about putting the calorie intake in her book. Especially when this book is not that old. Now a days do you see calorie counts almost everywhere and I wish some cookbooks would consider that. Except from the calorie counts, the recipes in this book are delicious! I also wish there were more pictures in this book showing the food .

Enjoy reading this as I live in small household and have difficulty cooking healthy meals without a

ton of leftovers.

no pictures are a major drawback, If I had picked this up at a store would have never purchased it because it lacks pictures of the actual things being made. Also I can't stand all of the weird ingredients. this is a two thumbs down book.

The book is ok. I got it on my I pad and I should have gotten it in book form. I guess I just don't like cook books on i pad. As far as the book itself, it was just ok. not bad and not great.

Bought this as a Christmas gift for my son and his wife, they are thoroughly enjoying the book; however, not a lot of pictures if you like cookbooks with photos.

It has a few good vegetarian dishes, which is why I bought it.

Like this book a lot, receipts are easy and yummy.
