The Vikings' Thrall

Synopsis

After Morgan MacCallum kills the son of an earl in defense of her home during a Viking raid, the Norsemen take her captive. She is claimed as a thrall by Bjorn and Erik, two huge, handsome warriors who leave no doubt that they plan to enjoy her beautiful body in any way they please. Bjorn and Erik quickly set out to tame their thrall, and a humiliating bare-bottom spanking soon reminds Morgan of her new place in the world. But though it fills her with shame, she cannot help quivering with desire as they strip her bare and teach her what it means to be thoroughly mastered by two dominant warriors. Before long, Bjorn and Erik find themselves thinking of Morgan as much more than just their thrall, but she is no more than property under Viking law, and keeping her safe in this harsh world will be no small feat. When the powerful daughter of the earl seeks vengeance for her brother's death, can Morgan count on the men she has grown to love to stand by her side? Morgan is a young woman, who dreams that life could have been different for her. It is a time when

life with daily struggle for most people. While out on her small boat, Morgan spots a Viking ship. She rushes home to warn her sister. Knowing that Morgan's father and brother-in-law are not a home, Morgan feels that she must protect her sister and sister's small child. She kills the son of an earl with a sword in self defense (to save herself and her sister from being raped and killed).

Unfortunately, Morgan is taken as a captive and becomes a thrall for this act. Bjorn and Erik are the warriors that take Morgan back to their lands and the earl. They have different customs than Morgan is used to like; sharing/menage and spanking/discipline. Bjorn and Erik find Morgan very attractive. They like her spunk and courage, but know that she needs to learn her place within her home/land. Bjorn and Erik are very dominant males, but do have soft sides to them. They felt that it was their job and duty to protect and keep Morgan safe. The men have experienced love and loss on in their own ways. Feelings start to grow between the Bjorn, Morgan & Erik, but they know that they are not able to freely be together. There are also enemies all around. The men and Morgan have to be careful of those who are jealous of what they have. Will they ever be truly happily? Will they be free to be together? Are they strong enough to stand up for each other and their relationship? The Vikings' Thrall is an exciting read. If you like historical romance and enjoy menage stories, you will want to read this book. There is suspense and lots of sizzle, as well as spanking. I enjoyed the hot Viking warriors and the sassy, smart heroine. There is plenty of action and romance. The enemy or villain was not who I was expecting at first, but I think it was well done. I appreciate that Ava Sinclair allowed the character of Morgan to be strong, sassy and smart, but kept it appropriate for the time period. I also loved that she could be strong for Bjorn & Erik or try to protect them. Loved that. Overall Story = 4 1/2 Stars Chemistry = 4 1/2 Stars Cliffhanger = No HEA = Yes Menage = Yes, MFM & MF Alpha Male(s) = Yes 2 Delicious Ones Recommend to Other = Yes

From the pit of despair comes the tale of one woman's trial and tribulations. Morgan's survival came at a price. Having been captured she becomes the slave to not one but two men. Two men who have pledged themselves to her protection and safety. They show her carnal delights. Bjorn and Erik never imagined the little thrall would become so important to their lives. When the nature of her capture comes to light. They will go to any lengths to protect what's theirs. This story is passionate, dramatic, alluring and sexy. I just didn't wanna finish it. Beyond a five star read. Ava Sinclair has the gift of writing her stories are a blessing. Each page is a reader's dream. I have yet to read something I didn't love. I expect even more sexy spanking and the men who deliver the punishments. Always a pleasure to read and her books aren't down in just sex which is always a plus. The perfect read.

Handsome, alpha Vikings take young maiden, Morgan from her home as a sort of "spoils of war." They keep her to protect the secret they share between the three of them. She soon comes to love her master's but others in the clan are not happy with the arrangement and move to destroy their happiness. Will their secret be discovered and will her men protect her in the end? A sexy story with Vikings and an innocent virgin makes for a sizzling read.

I don't normally read Viking style books, but I loved the writing style of Ms. Sinclair. This was a very good book and I would have given it 5 stars but I compared it to her book *Bride of the Trogarians* which was awesome. This book had a lot of suspenseful drama and a few twists and turns, so I never figured out the ending until I got there. Wonderful!!! Very spunky heroine which really is good. There were several areas that could have been expanded upon making a longer read, but it did not take away from the story at all. Buy it as you will really enjoy the story. Length was semi short, but not bad (loc at 1451 of 1728)

Very good reading, loved the story along with the sex and play! I would recommend this book to anyone who likes this type of book.. excellent writer

I enjoyed reading this book. I liked the storyline for the most part. I plan to read more books by this author.

Just OK. I've been looking for a really good Viking series; still looking.

A fast paced great story. The writing was very good, the dialog interesting, and the characters' situation changed often enough to keep the book interesting. I really liked Morgan's strength of character. She made a decision and stood by it. The surprise twist ending was a shock. I did not see it coming at all but that's one of the reasons its a great story.
