Princess, More Tears To Cry

Synopsis

When Jean Sasson's book *Princess: Life Behind the Veil in Saudi Arabia* was published, it became an immediate international bestseller. It sold to 43 countries and spent 13 weeks on The New York Times bestseller list. Now, in this long-awaited, compelling new book, Sasson and Princess Sultana return to tell the world what it means to be a Saudi woman today. Through advances in education and with access to work, Saudi women are breaking through barriers; they are becoming doctors, social workers, business owners. Major steps forward have been made. But this is not the whole story. Sadly, despite changes in the law, women are still subjected to terrible suppression, abuse and crimes of psychological and physical violence. For many, the struggle for basic human rights continues. *PRINCESS, MORE TEARS TO CRY* reveals the intimate struggles of Saudi women inside one of the richest, most conservative kingdoms in the world. These are stories of triumph and heartbreak amongst the highest- and lowest-born. Princess Sultana speaks frankly about her strong-willed daughters, her beloved husband and the contentious Al-Saud family whose daily battles about what it means to be a woman in Saudi Arabia mirror those of the society at large. *PRINCESS, MORE TEARS TO CRY* is an unforgettable journey into the hearts and minds of Saudi women, and will be forever etched into the memory of readers.

PRAISE FOR THE NEW YORK TIMES BESTSELLER *PRINCESS*: "Absolutely riveting and profoundly sad..." â "People magazine
"A chilling story...a vivid account of an air-conditioned nightmare..." â "Entertainment Weekly
"Must-reading for anyone interested in human rights." â "USA Today "Shocking...candid...sad, sobering, and compassionate..." â "San Francisco Chronicle"
"The startling truth behind veiled lives...frank and vivid" â "Sunday Express"
"Anyone with the slightest interest in human rights will find this book heart-wrenching." â "Betty Mahmoody, bestselling author of *Not Without My Daughter*"
"Both fascinating and depressing..." â "Daily Mail"
"...her tale of decadent opulence becomes a political rallying cry that she hopes will spread the word and inspire many "*Sultana's Circles*" to alleviate the plight of women everywhere, one woman at a time." â "Publishers Weekly for *Princess Sultana's Circle*"
"In this consistently gripping work, a Literary Guild alternate selection in cloth, the American-born Sasson recounts the life story of a Saudi princess she met while living in Saudi Arabia, offering a glimpse of the appalling conditions endured by even privileged women in the Middle East."â "Publisher's Weekly for *Princess*

Customer Reviews

I discovered the Princess series when I was about 13. I read the first one very quickly and did not know that there were books 2 and 3 until after I was 18 but when I did find out I quickly ordered them and finished them. Now discovering that there is a 4th book, I was ecstatic. I had wondered what happened to Princess Sultana and her family for a long time and I wish to know more about them. This book is amazing and riveting. I do have to say there is parts that make my stomach turn and want to empty but what she talks about is things that actually happen in the world and as sad and disgusting as it is we must know about them

Princess Sultana seems to relish the changes that have taken place in her Kingdom but it seems for every step forward there is a half step back. Yes, women have been given some things (interesting that their privileges must be given to them from men as opposed to endowed upon them from their Creator) but the real things they want - simple freedom and choice are still denied. Daughter Maha seems to have the best idea - she fled the Backward Kingdom. This book is a nice, long overdue, update and hopefully, one day, it will have a happy ending. In the meantime enjoy this read as it continues to make you angry.

Having read the previous three books about Princess Sultana this one was a long time coming. A

truly great book! Everyone should read these books? Everyone woman should become more active in women's rights around the world. Our government must examine our relationship to these brutal countries, oil or not!

It would be hard to find a better way to understand the culture and treatment of women in Saudi Arabia than by reading this book. I have enjoyed all of these books so much. I highly recommend them, you will be so drawn in by how the princess is trying to help women and hopefully you will also become more aware of how women are treated all around the world and be ready to act in their behalf whenever you can.

This is a beautiful story of someone who is a princess that takes time to help others in need, mainly girls. This book gives an eye opening to the struggles and true unfairness that goes on in Saudi Arabia against women. The writer did a great job telling Princess Sultana story and her fight to lessen the heartache of many women and girls who have been treated with such cruelty by some men in Saudi Arabia and the law allows it. This book does give the reader hope that one day that policies towards women in Saudi Arabia will change.

Very Informative book. It truly keeps you riveted to your seat wondering what will happen next. It is so far removed from what average Americans experiences that it takes a while for you to wrap your head around the information being presented. My final words, "girls, be glad you're born in America. Such a disparity in the lives of people born under different circumstances. You're either obscenely rich or unbelievably poor.

another great read of the Princess Sultana series. I enjoyed just as much as the first 3

I loved all the other books, but I guess I expected too much... I was under the impress that this book would be like her other books. Although it was a very good book. I wanted to know more about her personal life, along with that of her one niece Ali's daughter the one that was married off to Ali's best friend.... I was thinking it was going to be more like book 1... Still my favorite author and book!!!!
