All The Breaking Waves: A Novel

Synopsis

From the bestselling author of *Everything We Keep* comes a gripping tale of long-buried secrets, the strength of forgiveness, and the healing power of returning home for good. After a harrowing accident tore her family apart, Molly Brennan fled from the man she loved and the tragic mistake she made. Twelve years later, Molly has created a new life for herself and her eight-year-old daughter, Cassie. The art history professor crafts jewelry as unique and weathered as the surf-tumbled sea glass she collects, while raising her daughter in a safe and loving environment—something Molly never had. But when Cassie is plagued by horrific visions and debilitating nightmares, Molly is forced to return to the one place she swore she’d never move back to—home to Pacific Grove. A riveting exploration of love, secrets, and motherhood, *All the Breaking Waves* is the poignant story of a woman who discovers she must confront her past, let go of her guilt, and summon everything in her power to save her daughter.

Customer Reviews

I found the premise of psychic abilities carrying down through familial generations of women

intriguing and the child's visions quickly drew me in. However, the plot twists involving the mother's responses seemed contrived, emotional details sometimes over-described, and the resolution of the mysterious vision trite. I did enjoy the idea of each generation training the next and would have liked to learn more about that.

I was swept away to a magical place with this beautiful story, *All The Breaking Waves*! From the first descriptions of Molly's treasured sea glass, I felt like I was on the beach with her sensing the incredible feeling of finding these wonderful colorful pieces. Molly's keen talent for designing jewelry from sea glass was like her innate ability, the incredible gift she had for sensing premonitions. She feared this surreal ability that she and her daughter Cassie also had. Cassie was experiencing terrible nightmares and held unspeakable danger that Molly had to stop. Her grandmother also had this ability but would not speak to Molly about it, nor would she share the secrets that she held about herself. Owen was Molly's love that she had run from years ago. She fought her renewed feelings for him but still kept her secrets; she needed him. I loved this story, the warmth feelings depicted, the dogs Mudd and Dirt, the waves, the beach, the delicious dishes in Nana's kitchen, the love that existed between Mothers and daughters. I laughed and cried, with characters that became so real. A story full of love, of family, children's fun, suspense, romance, yet excruciating fear, and heartbreaking sadness. This was delightful and rich story you won't want to end. There is magic in sea glass treasures, and in this must read book you don't want to miss. 4 likes

I didn't know or understand too much about the subjectmatter, however, I thoroughly enjoyed the characters growth. The inability to communicate can sometimes cause years of hardship in relationships and misunderstanding is equally difficult. Hopefully, I have grown and continue to grow in my own relationships. Learning to listen more and understanding others better.

It was a good fantasy/supernatural novel. I liked the main character and her relationships with her daughter, nana and the relationship she rebuilt with her childhood boyfriend. It kept me reading and was full of surprises. I highly recommend this book.

Molly is a loving mother. She wants to protect her daughter. Her father was a terrible parent. I felt sorry for her mother. Life cut short. Nana Mary was a nurturing sole and helped everyone with their skills. Good story with a surprising twist.

I felt like I was on a rollercoaster of emotion . Happy, mad, sad, worried crying, laughing .Did i forget any .This book made me run late to work several times since I didnt want to put it down,just one more page

Nice book for a quick summer read but I have to say I did not connect on any level with the characters.

I felt that this book moved quickly and I found myself skimming parts not because they were boring but because I was dying to find out what happened. I love Owen!
