Unitarian Universalism Is A Really Long Name

Synopsis

Unitarian Universalism is a theologically liberal religious movement characterised by its support of a 'free and responsible search for truth and meaning', permitting its members a wide range of practices and beliefs. This picture book explains the movement for children aged five to nine.

Customer Reviews

Jennifer Dant, as the director of religious education at the Unitarian Universalist Congregation of Greater Naples, Florida, has taught religious education to all ages. She is the mother of three children and is currently pursuing a master of divinity at the Meadville Lombard Theological School.

Asking questions and looking for answers are important to Unitarian Universalists. We believe that no one is ever finished learning. Our faith keeps growing and changing like all living things. That's why we call our faith the living tradition. Let's go exploring and find some answers to your questions together! *—from the book*

I was very excited to find a children's book about Unitarian Universalism since there aren't a lot out there. Its a cute title and cover and the content of the book does give a concise introduction to Unitarian Universalism. However, there isn't anything interesting or entertaining about it. It presents

the facts in a simple way but its kind of boring. I think that the DRE at my church could write a much better book!

We are looking for a book to give to visitors at our church. I thought this would be a good book for children. After reading it, I think it would be great for adults too. Very good explanation of Unitarian Universalism without being too detailed (or boring). And who doesn't like pictures in their books?

Great book for kids growing up UU. It is also a great book to help others understand what Unitarian Universalism is about.

This is a good book for starting to talk to kids about UU. It clears up a lot of questions I remember having as newcomer to the faith.

I'm using this book for reference in the 4th/5th grade curriculum I'm writing, and it's too young for them, but still very good. Good for introduction and exploration of our unique faith tradition. -Rev. Christina

Great book, with a simple explanation of Unitarian Universalism. Love it!

Unitarian Universalist principles are explained so that a child can understand. Good for parents to read with their 6-9 year old children.

Obviously nobody is going to buy this unless you are raising your kid as a UU. If you are, it's a good book. No more to say.
