Forbidden Lust: Novocaine Book One

Synopsis

Jackson has never felt anything from his mother. All his life she treated him badly and he thought he would never have anything good in his life. That is until Cole came on the scene. Cole was in his early forties, and he was kind, handsome and built from pure muscle. The only problem was he was about to marry Jackson's mum, but he was all that Jackson could think about. It was on the night of his eighteenth birthday when the only gift Jackson got was a pendant from Cole that he knew meant that there was something between them. Jackson's innocence was something that he wanted to offer Cole, but he never knew if that chance would ever appear. For now, he would have to watch from afar and hope that his fantasies would be enough. Maybe one day he would get a chance at a night with Cole, but a sexual relationship with his step father was surely off limits and taboo. Or was it? An MM Erotica Short Story by Grayson Knight.

Customer Reviews

Normally the words flow after I finish a book. Whether good or bad, they're always there. But for some reason they're eluding me right now and I'm trying to figure out why. I liked this story. It was great daddy kink. Jackson was strong and sweet and sexy. And Cole....I think that's where my

struggle comes in. He was hot and sexy and, just, damn. But I never could figure out why he was marrying Jackson's mom. The woman was a witch with no redeeming qualities so....why? It's not like she had money. I just felt like more explanation was needed to understand him more. But, despite that, this book was hot, sweet and good. I voluntarily reviewed an advanced copy.

4.5 stars He was determined to survive...Jackson.... Heavy neglected by his mother and no father around. Even on his eighteenth birthday his mother is out with friends. Luckily there is a nearly stepfather Cole....who has a present...Jackson is very turned on by Cole and he knows he want more from Cole than a present....he only can hope Cole wants to give it to him...What follows is highly seductive and erotic. Hot as hell and delicious forbidden. Wonderful captivated written...I was reading while my mouth was dripping lol Smoothly flowing sentences, really great done! Can't wait for the next part

Cole is soon to marry Jackson's mother. On Jackson's 18th birthday Cole gives him a gift and at this point Jackson realizes there's an attraction. Cole leaves but doesn't go far. Jackson sees Cole watching him. So, Jackson decides to give Cole a show. ~Fast forward a few weeks~ Its time for the wedding and Cole asks Jackson to be his best man. After the wedding, during the reception Jackson starts to get annoyed with watching Cole dance with his mother and leaves to use the restroom. Its Cole's turn to take action. If you like erotic, hot, and sexy m/m intimacy this book is for you. There is cheating which I don't mind but some might. Plot: 2 Chemistry: 2 Ending: 3 Character Development: 1 Heat: 5 I was provided with a complimentary copy of this book. I voluntarily and honestly reviewed this book without bias or persuasion from the author/publisher.

When I saw the cover and read the blurb, I asked to review the story and started reading it as soon as I received the ARC copy. Jackson was adorable and assertive with the way he went for what he desired. Cole was sexy and confident as long as he was near Jackson, but seemed to be intimidated by Jackson's horrible mother his future wife, so he went ahead and married her anyway. I guess I was not impressed with him at the end because he wanted to keep everything secret. In my opinion that seemed to cheapen everything but having said that, Cole was being human in that situation. From that angle I applaud the author for showing Cole's fallible side in the story. I liked how conflict was carefully interspersed throughout the story. For me this is what writing a fiction is about. Writing a person's fallibility and creating a thought provoking story.

We all have our 'guilty pleasures' as readers and taboo is definitely one of mine. However, I don't feel guilty about anything *smirks* I own my badge proudly. It can't be easy lusting after your mother's fiancé. However, with a mother like Jackson's, I wouldn't be feeling an ounce of guilt. She makes me stabby *shrugs* - plain and simple. Only, all is maybe not as rosy as it seems between his mother and the object of his fantasies, Cole. Cole could star in my dreams any day of the week *snorts* huminah, huminah... What can I say about this erotica short story? If you're looking for a quick hot and spicy (very!) read this weekend then look no further. Cold shower for one please! I can't wait for the next instalment. I need to know what happens next. Impatient? Moi?

Jackson and Cole will steam up your glasses if you wear them! Their situation makes the desire they feel for each other even sweeter and I'm looking forward to more from this author. This is a sexy short read and I can hardly wait to find out more details in the next book! It could do with another run-through edit but I enjoyed the premise. I've voluntarily read an Advance Reader Copy and this is my honest opinion and review of Forbidden Lust by Grayson Knight.

Interesting tale of forbidden love and lust between a stepson and stepfather. Jackson's mother shows very little love towards her son for some reason. His future stepfather Cole seems to be the only parental person in his life that shows him any affection. However when Jackson turns 18 that parental love that Cole shows changes into something else. However Cole still goes ahead with the marriage to Jackson's mom. All hell breaks loose on their honeymoon needless to say things get interesting after that.

MM plus a little taboo thrown in and you have Forbidden Lust. Jackson doesn't have the greatest relationship with his mother, but his mother's fiancé is a different story. Not only does he get along with Cole, he has also developed feelings for him. Will he act on them? Will this be nothing more than a passing fancy? The story was short and therefore slightly rushed. I kind of wish there was more to it, but what we did get was hot. It is erotica, however, I wished there was more to the story and relationship. 3 stars.
