Old School Discipline

Synopsis

I never planned on continuing my pointless education. But then I got arrested. Again. Hey, if those laptops weren't meant to be stolen, they should have been locked up better. Somehow, my latest stunt and lousy attitude landed me in Redwood Academy. An exclusive university where they're supposed to turn screw ups like me into upstanding citizens. Or some crap like that. But, okay, fine. Some lame private college still sounded better than jail. It's not like I'm footing the bill. So, what's the problem? Well, let me name a few. The dean's got it out for me, because I might have broken a fairly big rule on day one. Gotta make an impression, right? The troublemaking twink across the hall is obsessed with me, and his overprotective boyfriend doesn't like that very much. What can I say? It's hard looking this damn good. And then, there's my roommate. Bax is a complete psychopath. An obnoxious, dominating bastard, with a vicious sneer and massive biceps, and a past no one will talk about. I hate him like hell. Except when I don't. When he uses those strong hands to punish me in ways I've never dreamed of, hate is the last thing on my mind. Oh, did I forget to mention the spanking? See, Redwood's all about the old school discipline. And, apparently, so am I. Because getting bent over and spanked by my roommate is pushing buttons I never knew I had. Any normal person would be planning a jailbreak, I guess. Believe me, I'm tempted. But I'm starting to think I might actually belong here. Even worse, that I might want to belong. To Bax. And that's definitely a problem. Old School Discipline is a 100,000 word enemies to lovers novel, with an HFN/HEA ending and lots of spanking. This book features an angry, steamy male/male relationship between roommates who can't stand each other and absolutely refuse to believe they could be perfect for each other. No matter how much they like fooling around. It includes disciplinary and recreational spanking. If these things offend you, please don't read this book.

For me, this was the perfect mix of character, kink, and plot. I loved Alex, Bax, and even that little brat Harry. Alex, the narrator, especially won me over. I loved being so deep inside his head and reading his self-discovery as it happened. The kink was off the charts hot. Alex was so turned on by it that it became rather irresistible. The plot, which focuses on Alex's growth as a character and how he feels is just right if you're looking for smut, but also looking for feels and characters that you can care about. This isn't fluffy. Both Alex and Bax can get aggressive. There's a lot of spanking and they insult each other and say they don't have feelings. But, it's clear that they do and only becomes clearer as Alex comes to that undeniable conclusion. Both give each other what they need and that's a beautiful, hot thing.

Man, this was HOT and sexy. It was also dark, funny and frustrating. It definitely isn't a book that blends in with all the shmoozy m/m books out there (I'm swearing off of any book with a dog or cat on the cover). I liked that it wasn't instalove. I liked the internal struggle that Alex went through. I liked Harry. I liked how these unconventional relationships weren't shamed. I mean, it's definitely different and I wasn't sure that I was going to like all the spanking, but I DID! Like I said, very, very hot. I wish we'd gotten more of Bax's perspective. There was enough that I could piece together some of what made him act the way he did. But being privy to more of Bax's thoughts would have helped me feel the relationship grow. I won't be forgetting this one any time soon and look forward to more from Horne.

This was a very enjoyable read, well written and entertaining. The discipline was hot, and the developing relationship between Alex and Bax was nice. My only complaints were that after 100K of words describing every scene in so much detail, the ending was slightly abrupt. Sure, it was on a

sweet moment, but I felt as if I would have liked just a little more 'feelings' from Bax and perhaps to extend their intimacy at the end. The other complaint which stopped this from being a 5 star read was the character of Alex being a little wet. The author made a point in the beginning of making him a street-wise criminal who never, ever cried, only to have him bawling like a baby EVERY single time he was disciplined or had sex. While some of the crying scenes were important to show how he was slowly breaking down and changing as a person, I felt in the end he was more like a girl with a d*ck. The constant waterworks actually detracted from the 'real' moments where he changed and developed and in the end it was a little bit much. I'll still be interested to read the sequel I saw that the author is writing, I just hope it includes more feeling from Bax and more balls in Alex.

You know those books that you forget you're reading? I mean, forget you're READING, because you're just a little lost in the world and story and lives of the characters? Yep, that's this one. And yes, it's hot. Yes, there's tons of spanking and some yummy, yummy sex. But there's MORE. There's a story that I got totally invested in, some messed up boys who I absolutely fell in love with, sweet moments, HOT scenes, huge chunks that made me smile and laugh and sometimes cringe (but in a good way). I love messed up boys finding love not because they get "fixed," but because they find someone whose version of messed up fits so perfectly with their own :D

This book is so much more than the title suggests. Yes, I bought it because I like my men spanky, but I knew by the end of the first page this was gonna be a winner and I was absolutely right. Great writing, tight editing, great characters, and yes, some hot spanking too. I don't bother with reviews unless I really have something to share and I really want to share that you've just gotta read this book!

I loved LOVED this story. Fox and Bax were two souls looking for something and they found it in each other LOVED the feelings, thoughts, ideas. Everything about this book was excellent. Need a sequel

This is the first book I've read by this author, and let me say that this is by far the best spanking book I have ever read. This book is so hot it's smoking! If you enjoy moody lovers, hot sex, and spanking this book is for you! I can't wait to read more by this author.

Loved this book. The characters are so well developed they feel real. It's a story about a true screw up who thinks he is a bad boy and the people who show him he's really not bad and he's really not a screw up, he just needs someone to care. Looking forward to reading more by this author.
