Could be more compelling / explanatory for a non Islamic family interested in teaching different cultural norms to the kiddos. Not sure if this was the intent for this book so it's fine.

This a very good book. It took 2-3 weeks fir it to arrive but was worth waiting for. The various activities attract children. My son is 4.5 years and he enjoyed the mazes. He as well follows some of the islamic manners such as sitting at the table and eating rather than eating while watching tv. I do recommend it.

Very Nice Book.
