## Synopsis

"Rebellion in Riversleigh is a great read for young girls aged 9-12. "Tweenage" girls can identify with the main character, Madeleine Richards, as she faces change within her family and tries everything she can to rebel against it. Without being "Christianese", the author encourages her readers by weaving snippets of faith throughout the story. The story is heart-warming and the characters are people you would want to befriend. A lovely read for girls and I look forward to reading more about Madeleine." K Edwards .com.au

Madeleine Richards is a girl in crisis. Her mother is taking her new boyfriend, Hank, seriously, which means less time for Madeleine to spend time with her mum. When the happy couple deliver the news that it's time to move from their beloved hometown of Riversleigh, Madeleine will do anything to stop that from happening, even if it puts her in danger. This book is a poignant adventure that follows Madeleine through the emotional storms of dealing with a new father and a big life change. Like most youth, Madeleine is frightened and stubborn, and she lashes out at everyone who loves her. Through the faith and patience of parents who love her and the support of an inspiring church youth program, Madeleine learns to deal with her fears even as she makes mistakes she never saw

coming. This author has a good grasp of young teen angst and the quiet whispers of faith we can all find if we stop long enough to listen, let go, and let God. Although it switches point of view from character to character, it is easy to follow and a very appropriate read I'd recommend for those as young as eight and up.

GENRE: TWEEN FICTION "Book One of The Madeleine Richards Series, "Rebellion in Riversleigh," is a positive, realistic look at what it is like to be twelve and have your world upended. The author's realistic depiction of the struggles of a young girl caught in that awkward time between her childhood and her teenage years, not quite a child, but not quite a teenager, adds to the pathos of the story. Madeleine Richards, or Maddy, must learn to rely on her faith and understand that much of life is out of her control. In this world of chaos, war, and turmoil, this is a powerful message that should be taught to our youth. Juliette Duncan creates a strong character to bring this message to young girls at a pivotal time in their life. There is no doubt that the book is Christian fiction, but the author wisely avoids preaching at her audience. Tween readers will definitely be looking forward to the next adventure of this spunky, strong-will heroine. Sorry to not give more details about the plot, but I leave it to you the reader to discover Maddy's story.

I would have enjoyed this book when I was younger, and there were many aspects I enjoyed about it as an adult. Maddy is an interesting character, and I appreciated the author's exploration of her faults and journey towards learning about God's love. Maddy faced many issues that girls can relate to; friendships, wondering if God really cares about them, and family dynamics. The story flowed and was easy to follow. I did feel there were some scenes that didn't quite fit for the target age group. For instance, the POV shifted quite suddenly and without explanation and I think that could be a bit confusing for a young reader. Also, there were some moments when the story came from the adults point of view that, while being absolutely clean and not in any way inappropriate, seemed more geared toward older readers. But all in all, a well written story.

Trouble in Paradise is the second book in the Hank and Sarah series. I absolutely loved the first book, 'Hank and Sarah,' and the second book was just as interesting and well written. Maddy's rebellion puts her in a situation of serious trouble as well as danger. How it is resolved brings Maddy, Hank and Sarah closer together as they learn how God can draw them into one family, with Him as the head of the household. This book fascinated me, and I enjoyed the story line very much. An excellent read.

Age twelve is one of the toughest ages in life and twelve year-old Maddy Richards gets tripped up on trauma when major life changes hit her all at once. Her mother Sarah plans to marry her boyfriend Hank and in so doing she and Hannah have to leave their hometown and all of Maddy's friends. The very emotional and self-absorbed reactions of Maddy reminded me of some embarrassing outburst I made at that age. This series is a Middle grade Christian series that his filled with poignant moments of personal spiritual growth. I found some of the dialog stilted, especially of the adults, but not enough to detract from the story.

Juliette has a fabulous way of bringing her characters to life. Maddy is at typical teenager with authentic view and actions that truly make it feel like you are feeling her pain and angst. You want to enter into her situation and make everything better. Mom and soon to be dad respond to her with love and gentle persuasion while maintaining their faith and trust in Jesus, whom they know, will give them wisdom as they continue on their lives journey. Appropriate for teenage readers but any age can enjoy.

I chose this rating because I love reading about imagination and journeys even mysterious sometimes I like when she tells us about herself and how it talks about there feeling and characteristics
