Soul Of A Viking (The MacLomain Series: Viking Ancestors' Kin Book 3)

Synopsis

Lauren refuses to believe that her sisters traveled back in time to tenth-century Scandinavia. Cybil must be off doing one thing or another. And what of Samantha? She returned then vanished again with a bunch of uncivilized ruffians who called themselves Vikings. While thankful the crude men finally left, she's now caught in an unusual situation. No matter how hard she tries, she cannot step foot outside her Winter Harbor chalet. Desperate to return to the twenty-first century and figure out why he and Lauren were cursed by a Nidstang, Tait Sigdir struggles with what feels like half a soul. But that's not all. When he finally returns to the future, he realizes how troubling things really are. Though drawn to Shannon, he can't seem to stay away from her sister, Lauren. Hard to believe considering how difficult she is to be around. Even for a flirt like him. Yet if he's not near her, he becomes uncharacteristically sullen. Caught in an unraveling hex that steers them closer to the enemy, Tait and Lauren are forced on an adventure that tests them in more ways than one. Friendship emerges. Passion ignites. Even so, love does not come so easily to those who are cursed. As it turns out, they must get through a whirlwind of unfortunate events that will either bring them together or drive them further apart.

Customer Reviews

Wow, just wow!!! I have been a fan of Sky Purington for several years. She is one of maybe 5 authors that I will buy her new books without ever reading the blurb. I just know that it will be amazing. I truly love the McLomain series no matter which century they are in. Sky makes the characters come alive and they seep into your heart and soul. Their passions become yours and their trials become real. My heart broke for Tait and Lauren as they worked through the issues they faced. As usual with Sky's books, the story is both exciting and complex. The whole time travel thing is in a word, confusing sometimes. Sky makes it seem normal. And when she says these alpha men turn into dragons, well, I can see it!!! So do yourself a favor and start reading Sky's books. If you love alpha men, strong women, love, soulmates and magic then these books will make you sigh!! If I could give it 10 stars, I would. I am never happy to finish any of these books because I love them so much. But I read voraciously to get to the conclusion because they are just that good!! VERY VERY HIGHLY RECOMMENDED

I was given an ARC of this book for an honest review and purchased the published edition. We first met Tait as Tait the Fierce in Honor of A Scottish Warrior. Then again when he looked out for Erin in Oath of a Scottish Warrior, but by then he had come into his lusty ways, inherited from his father Kol. Will he finally get a woman for himself? Lauren is the last woman Tait should be interested in. If this woman was anymore stiff and uptight she'd fall over in a stiff wind. I want to strangle her everytime she opens her mouth she's so prissy. So of course you know Fate and Sky are going to throw them together. In the continuation of Viking Ancestors Kin we take a journey of discovery, many questions are answered and we learn more about the history of the Dragon clans and the evil that is haunting them now. Tait and Lauren must work together to survive. Will his heat be able to melt her ice and give them their HEA?

Another fantastic story about the MacLomains and their family lines. The interactions between the family generations and "others" in all time periods. The puzzle pieces given with each couples' story makes it hard to wait for the next story and when it all comes together - awesome is the only word!

The fourth book this series is nothing short of brilliant. Tait and Lauren's love is so deep and so strong it transcends time. Sky does such a wonderful job of weaving a story about love and magic it is all encompassing. Once you start reading it will be hard to put it down.

True love knows no time or boundaries as in this the 3rd stage of these amazing stories, I truly do love reading about love through the ages, Sky you do keep me entertained reading about dragons and their mates especially in Scotland, Mr fantasy escape.

I did not think Purington could top the first and second books in this series. I was so wrong. Her imagination knows no bounds in Tait & Lauren's story. I'm a new fan. I'm also looking forward, anxiously, to reading the next story in this series.

I liked the book, I appreciate really reading books with characters that cross over or are linked in some way. The Viking books are not as detailed as prior book, they are a shorter read.

I love the MacLomain Series. You never know how the characters are going to develop. Sky Purington is a terrific writer and I recommend all her books.
