I can't decide who is my favorite is Kinsley and Morgan, Finn and Jay, or Wade and Foster maybe

all of them. I love this series because of well developed characters who I fall in love with coupled with a good story line. I'm not one to give anything away as far as plot but I will say this these are stories I read again and again, yes they are that good! Bring on the next gorgeous man!

This series gets 5 stars because of flow of story line and continuations of relationships from previous books. I simply enjoy happy endings. A bit of conflict is good to add spice but Jenny shows the "family" dynamics so well in relationships between her characters. I look forward to each book. Keep them coming! Who's next? Maybe Jeffrey?

I can't get enough of jenny Wood!! These Kennedy boys are extending there family in more ways then one. Can't wait for the twin. On a personal note., there is nothing wrong with Jenny's writing. It is always even better then the last. Definitely worth the time and money!!

Wade and Foster are cute together. Both have their insecurities that they need to address just like everyone else at Kennedy Ink. I can't wait until King and Morgan get their babies. Not ready for the series to end yet.

A totally feel-good, short story. Sweet, slow paced, sexy, fun... close to none angst and adorable HEACan't go wrong with this for a brief, uplifting moment in time. Nothing wrong with those ^^

Each book in this series is such a treat to me... I love all of the characters and look forward to following them as their circle of friends and family continue to grow... Can't wait to see what comes next xx

Another great book in the series. Foster & Wade's story. I love them. I cant decide which book I love most at this point. And.... As a bonus. Lol. This one is edited soooo much better than the others.

Love this series. Well written story line with well developed characters. I can't wait to see what happens next. Also looking forward to meeting Morgan and Kingsley's new twins.
