Customer Reviews

Seventy-one authentic examples of Indian design from Indian masks, beadwork, pottery, metal, stone, and wood selected and redrawn by Paul Kennedy. Sandpainting of gods, battle scenes, geometric designs, birds, flowers, animal figures, more, by Eskimo, Northwest Coast, Pueblo, Navajo, Plains, Chippewa, and other tribes. All material identified.

I was a bit disappointed in the book. I expected it to be thicker than it was and a little more detailed in the drawings. All in all I did like it. I wanted more content and a little more representation and more refinement in the drawings. It may be that I expected more than what got and that is why I am a bit disappointed in this book. Other books made by this company are better than this one was. It didn't meet the same standard as other books printed by this company.

This is basically the same as the North American Indian Design Book, they just added Coloring Book to the title. I am disappointed.

Had to get away from the computer for awhile so this was a good and creative distraction. The coloring designs are great

If you are looking for a book with samples of Native American designs, this is a good one. The designs are fairly simple but still complex enough to look pretty when colored or used as patterns for other mediums.

Great product, I am not using it as a coloring book, it is for authentic designs to decorate a home.

Interesting pictures but the paper quality could be better. Designs are printed on both sides of the paper as well.

as described...nice book

Great product
