Customer Reviews

If your child will be receiving First Holy Communion, you should have this book. Today most Religious Education classes are woefully insufficient for teaching the Faith and understanding Who they are receiving! Parents are the first educators of the Faith! St. John Paul II emphasized this over and over. Do not leave the Faith to the Church volunteers alone. Teaching them also inspires and renews your own faith and love of the Eucharist. Get started today!!

This is a great resource. Succinct, easy to follow, but extremely orthodox. Nothing is watered down and it's to the point. Illustrations are well done even if they are a little older style. I really think every first communion student should own this book and read it as a family!

The basics, so beautifully and simply illustrated and described. Bravo to the authors for the book and for Jesus Christ, true God and true man!

A Classic.
