My favorite series growing up and now I get to share them with my daughter.

Great story! Read it back when I was in high school, and was glad to have the whole set now! The only drawback for me was that I didn't really enjoy this cover design. I'm not a huge fan, but it is what it is. I suggest these books to anyone who enjoys a good fantastical story!

My 16 year old daughter loved these books. They have been a really fun series for her.

Great set of books. I didn't like the last book though.

My brother loves his gift

My 13 year old daughter loves these books. My wife does as well.

Great thanks

Being a fan of the dystopia genre I actually had high expectations for these books. Unfortunately the first one is just ok, and the other books get worse as the story progresses. Disappointing. Overall it's not a terrible read, and at times actually enjoyable. Don't expect a hunger games, divergent or maze runner and you might like it.
