After I bought this audio CD, I found that it was actually to accompany the Prego 7th edition Laboratory Manual and not the textbook. I bought the Prego 7th textbook and the CDs together, thinking that the CDs are to accompany the textbook. I only found out that they were to accompany the Prego Laboratory Manual after I unwrapped the package of the CDs. Before I bought the CDs, I even visited the publisher's website for Prego but there is nowhere that indicates that the CDs are to

accompany the Laboratory Manual. It is only in the textbook that mentions that the CDs are to accompany the laboratory manual.

Just to clarify the contents of this product, it is not just Part A as the title claims. This product contains the complete Audio Program (i.e., both Part A and Part B which consists of 19 CD's from capitolo preliminare through capitolo 18) and the In ascolto Listening comprehension CD (1 CD). So, that's a total of 20 CD's. There ya go! :)
