One True Mate (Westin Pack Book 1)

Synopsis

Kelsey Adams is alone, and has been since childhood. Running away is all she knows and necessary to preserve her deepest, darkest secret. She can not afford for anyone to get close, or know about the monster within. But when she lands a lucrative job as an administrative assistant to Kyle Westin, CEO of the Westin Foundation, her life changes and everything's at stake. Can she conceal her growing feelings and her true self from this enigmatic, strong willed man, or will her world fall apart? Kyle Westin, an alpha male who always gets what he wants, has watched and waited for the little she-wolf he knows is his perfect mate to show any signs of recognition. For two years he endures her unnecessary formality and daily rejections with a patience he did not know he possessed. But even Kyle has his limits.... Can he make Kelsey notice him as someone other than her boss and break down the walls she built around her heart? Or will Kelsey do what she has always done --- run?

Customer Reviews

I'm new to reading Julie Trettel. I'm so excited that I found her. I love shifter books, and what I especially loved about this was the timeline. this wasn't a 'Ohhh, you're my mate! Let's mate!" It took

a couple of years for this relationship to bloom. It was fast paced and I loved every second of it. Kelsey and Kyle are a great combo. It's fun to see them interact with each other. I love Kyle's family and the love that they have for each other. I adore Kyle's mother and her meddling in her kids' lives. I couldn't put this book down. I highlight certain parts of the book to go back and read and laugh and found myself re-reading parts of the book again. That's my favorite part about books I love. That I can read them over and over again. This is one of those books. What's even better is that it's available with Kindle Unlimited. I bought the book, because I want to go back and read it again and again, but I adore authors who also have their books through KU. Read it! Especially if you love shifter books. *sigh*

Once I started this book, I couldn't put it down! Julie did a great job developing the characters and the relationships in the first book of the Westin Pack series. I was worried that the time jump would be an issue for me, but it actually wasn't, it helped with the storyline. I liked the mix of action, romance, and fantasy that she weaved throughout the book. Without spoiling anything, I appreciated the gritty/wild moments, like the fights scenes; it made it feel more real/believable. Some of the side characters were actually my favorites, especially Cole (he seems like a fun guy to be around/definitely a troublemaker haha). I can't wait for the 2nd book, to see the next couple's relationship develop and the major storyline continue. I would highly recommend reading this series!

4.5 stars This was my first time reading anything by Julie Trettel and now I need to go read everything else she's written! I loved this story! There was a timeline jump that surprised me at one point, but other than that, it was a very solid shifter romance with lots of action to keep me intrigued the entire time. Kelsey is a werewolf/wolf shifter who grew up completely alone. A lone wolf, you might say. ;) Besides the monsters who attacked her when she was a child, she believes herself to be the only one of her kind, so she keeps to herself at all times, afraid to open up or get too close to anyone. That changes when she finds herself in a small town run by the Westin Pack, but she doesn't realize it for a long time. I can't wait for the next book in this series!

Twelve-year-old Kelsey experienced a trauma like no other and it left her completely alone in the world. Now, all grown up, she is still on the run. So, the monster that is within her doesn't break loose and hurt anyone. Content to live the life of a recluse, she settles in San Marco, where all her fears come out to haunt her. Follow along and feel all the emotions as she prepares herself to run again. A terrific read!

I enjoyed Kyle and Kelsey's story. Even though when the story jumped ahead two years had me confused I was still able to get into their story. Kelsey was such a strong young woman who once she found out that she was loved gained more confidence in herself. Together the two of them make a truly powerful couple. I cannot wait to read more about them.

I honestly came across this book on accident while looking for another with a similar title and I'm so glad I did. I have never read anything from this author but I assure you it won't be the last. I went into the plot because it's well described in the description, but I will say that this had me hooked to all hours in the night to see what happened next. Another thing I enjoy is when writers decide to create more books based on different characters. Can't wait to read Patrick's story and really hope we get to see more of Lilly and Cole ... So many possibilities ... I'm excited!!! Thanks Julie .. It's been a while since I've been excited for a release .. And I can't wait to see where this story goes!!!

This book kept me on the edge of my seat! It had romance and action. This book deserves the highest rating because it is awesome! Do not just take my word for it and read it yourself and you will not be disappointed!

Julie is such a great writer and storyteller! Her books are the kind that you relate to the characters, feel emotionally invested in and don't want to put down. You gotta find out what happens next! I am always happy to hear about sequels or a series, so it doesn't have to end and you can look forward to more!! This was a great, fun read and I eagerly wait again for more!!
