Small Blue World: Little People. Big Adventures

Synopsis

Created by world-renowned underwater photographers, this gorgeous book takes an alternative look at mankind's journey by using models of miniature people placed in beautiful and humorous situations undersea. Both clever and thought-provoking, this collection of impressive imagery tackles some of the wider ecological issues facing our oceans. Ultimately, it poses the question: how can humans and nature exist in harmony? Playful, perceptive and visually striking, this impressive and often humorous book uses photography and the power of the imagination to entertain, inspire and offer a different outlook on our lives.

Customer Reviews

Jason Isley is co-founder of Scubazoo, Southeast Asia's leading underwater filming and photography company. They have worked filming and location management for such productions as Human Planet. Dr. Sylvia Earle is a marine biologist and National Geographic's explorer-in-residence. Her awards include the Hubbard Medal, the Rachel Carson Award, and the UN Champions of the Earth Award, and she was Time magazine's first Hero for the Planet. She lives in Oakland, California.

Excellent! Imaginative, creative and all taken underwater. Amazing planning to take these photos.
