Managing The Blended Family: Steps To Create A Stronger, Healthier Stepfamily And Succeed At Step Parenting (Blended Families)

Synopsis

Managing the Blended Family Youâ™re about to discover how to manage the blended family
Managing the Blended Family: Steps to Create a Stronger, Healthier Step Family and Succeed at
Step Parenting is a practical guide to navigating the complexities and difficulties inherent in living as
a step family. The book discusses issues that every couple in a step family situation must address
before they can come together in a positive way. Being a parent is hard enough, but step parenting
offers its own unique challenges. By following the step by step instructions in this book, you can
build that new entity that is the successfully blended family. Here Is A Preview Of What You'll
Learn... Understand what it means to be a loving step parent. Learn how to communicate
effectively. Handle disputes between step siblings. Find out what to do when the stepchildrenâ™s
other bio parent causes trouble. Spend important couple-only time with your mate. Guide the
children with fair and reasonable discipline. Blend your family the right way. And so much
more! Download your copy today! Take action today and download this book if you want to create a
stronger, healthier step family and succeed at step parenting Tags: Family, Step-Father,

Customer Reviews

Very little substance here. Every chapter is built around a list of do's and don'ts. If you're looking for insights on how to manage what can be a hugely challenging set of issues look elsewhere

So much information here on how to make a successful blended family! Although I do not come from one, I found these tips very helpful for any family- even not blended ones. This is great for any parent or adult on how to communicate and care for children or have positive relationships. If this is followed, I have no doubt that your family would positively thrive. There are tips on how to improve relationships between both families and how to make sure every child is included and heard. This is really great!

I found this book to be absolutely amazing. This is an excellent book with a lot of helpful insight. Step-parenting is one of the most difficult challenges you can set yourself up to. The great thing about this book is that it shows what steps to take to strengthen the blended family and how exactly to maintain a good relationship and build trust between its members.

I really enjoyed this book. Growing up in a blended family is challenging because it is not the norm and ofcourse it takes getting used to for each family member - including the non-immediate family. This book was great because it went into a bunch of different ways to grow both as a family together and as a stronger individually for the husband and wife. Good tips.

In this book, there are many great tips for adjusting and excelling in a blended family situation. It's an extra challenge to deal with step children along with your own biological children, and this book offers helpful info to help deal with issues that crop up.

Very informative and detailed advice on smoothly integrating two families into one. I thought there were a lot of good strategies, and excellent points to consider for parents who are stepping into a step-parent role.

very informative

Good basic starting points and tips
