excellent, especially for student workbook

Book arrived in excellent condition.

This book was awful when I was young. It is even worse today when my daughter is using it. This text is dated and boring. Popular culture and the media have changed drastically in the last thirty years. This text has not. The artwork and graphics are awful, the sample paragraphs are appalling and totally irrelevant to today's adolescent. Holt Rinehart and Winston have no pride whatsoever in their product. The management must've been asleep at the wheel for decades. This text does not educate, but rather actively contributes to youth alienation towards education.
