Fundamentals Of Musculoskeletal Assessment Techniques

Synopsis

Organized by region, this text provides the fundamentals of evaluation and examination techniques of the musculoskeletal system. Each region begins with step-by-step instructions for goniometry, manual muscle testing, muscle length, joint accessory motions and special orthopedic tests. Special discussions of posture and gait analysis are also included. New in this edition is a chapter on Assessment of Pain. The discussion on the Spine has been expanded to three chapters -- Cervical, Thoracolumbar Spine and Sacroiliac Joint. Compatibility: BlackBerry® OS 4.1 or Higher / iPhone/iPod Touch 2.0 or Higher / Palm OS 3.5 or higher / Palm Pre Classic / Symbian S60, 3rd edition (Nokia) / Windows Mobile™, Pocket PC (all versions) / Windows Mobile Smartphone / Windows 98SE/2000/ME/XP/Vista/Tablet PC

Product Dimensions: 1 x 9 x 11 inches

Shipping Weight: 2.2 pounds (View shipping rates and policies)

Average Customer Review: 3.8 out of 5 stars 10 customer reviews

Best Sellers Rank: #312,483 in Books (See Top 100 in Books) #29 in Books > Textbooks > Medicine & Health Sciences > Alternative Medicine > Chiropractic #35 in Books > Textbooks > Medicine & Health Sciences > Medicine > Clinical > Occupational & Industrial Medicine #45 in Books > Medical Books > Allied Health Professions > Chiropractic

Customer Reviews

there were mistakes all over. looks like it needs to be updated and proofread by another professional

Good book

Required by school curriculum. This was the cheapest place to get it and it is still pretty expensive.

Good addition to the PT library. Some of the explanations are confusing, but all in all, its a great explanation of measuring and assessing patients

Everything was good.

Was useful for the class I was taking, but mostly as a reference, not really useful unless acting as a supplement

Delivery arrived quicker than I thought it would, product was in condition specified, and overall I was very satisfied with this product.

Awesme book, great shipping, even call to ask about a shipping time and they were excellent ppl to talk too.
