Five Stars by Reader's Favorite! *The Day My Fart Followed Me To Hockey* by Sam Lawrence and Ben Jackson is the hilarious story of Timmy, who wants to be part of the hockey team, but thinks he is not that good at playing the game. Little Fart encourages and supports him. With all the morale boosting he has received from Fart and his mom, Timmy goes to try out for the hockey team. Timmy does not want Fart to follow him as he will be known as the stinky kid and asks him not to come. But Fart wants to support his friend and follows him. When Timmy gets there and goes onto the ice, he sees Fart has followed him. How does Fart help Timmy and will he be able to help Timmy make it onto the team? The story, apart from being funny, also conveys the messages of friendship, teamwork, and relationships. The illustrations are bright and colorful, giving the story

good pace and movement, and breathing life into the characters. It's a good bedtime storybook for parents and grandparents to read out to kids. The book can also be used for read aloud sessions in classrooms and school libraries. Children understand concepts, ideas, and messages more easily when these are conveyed through stories and pictures. Timmy and Fart will capture the hearts of young readers with their display of teamwork and friendship. Reviewed By Mamta Madhavan for Readers' Favorite 5 Stars!

Sam lives in Ontario Canada and owns her own business. She met her husband Ben Jackson 4 years ago and ever since they have been inseparable when together. The problem is they live 10,000 miles apart, their "commute" is quite long. But that problem hasn't hurt them as it only has brought them closer together. They started work on their first book together as something to keep things interesting. The content made for some exciting conversations on the male vs female relationship. --This text refers to the Hardcover edition.

The Day My Fart Followed me to Hockey is a cute story of a little boy facing his fears of his hockey try-outs and the importance of remembering to relax and have fun. This is a very cute story with lots of humor.

Most kids laugh about facts and if your like hockey is a great book. Funny.

Timmy is a little boy that likes to play hockey. It is his first day playing and he needs to make a good impression so that coach Kip picks him for the team. Timmy's best friend is little Fart. This little green illustrated figure stinks everywhere he goes. He wishes to follow Timmy to support him. Timmy does not wish to be embarrassed by little Fart, so he asks him to stay away. Fart still shows up at Timmy's game and as he observes Tim struggling, he blows this massive fart causing everyone to stop playing and laughing as they blame each other. I found this book to be incredibly funny. My favorite part was where Timmy says: "There is nothing like having your fart following you around, stinking up the place." I believe children learn easier with funny topics and for this book, although its title and story may be funny, it also demonstrates the need to support children. Especially in the times where they feel nervous, out of place and in need of a distraction. This allows them to come out of their zone of fear because at the end of the day they too have feelings and need love and support. Written by Jeyran Main

Grandsons who play Hockey age 5 & 7 love it and read all the time. Bought again as gift for friends. Lots of laughs.

i gave this to my nephew this for christmas. he thought this was the coolest book. he's five. farts are funny!

What an epic and inspiring tale this was. We bought this as a Christmas gift for my husband's hockey obsessed coworker. He found it as inspiring as we thought he would.

The title alone made my son laugh and giggle. It's a very cute and clever story about Timmy and his best friend Little Fart. Timmy is nervous about hockey tryouts and Little Fart is determined to be there for him no matter what. It's ultimately about overcoming anxiety and nervousness. The message is a good one, which many young kids can relate to. Although wordy, it's an easy read and the illustrations are fun and vibrant. The authors do a good job leading up to the end where of course it's a happy ending for all. My son really enjoyed it and wanted me to read it again after I read it the first time. This is a cute series that teaches life lessons while utilizing a fun imaginary friend (Little Fart). I think all kids would enjoy it.

Was a hit with the 7 year old recipient!
