Excellent guide cooking directions, included recipes for many rice dishes. All the recipes I have tried where easy to follow and all taste wonderful. If you have a rice cooker I would definitely recommend this book

As a Trader Joe's devotee I pounced on this title and am happy to report I was not disappointed! If you know the TJ aisles as well as I do you will welcome this clever specialty cookbook that uses items unique to the store. Sure you can make these meals with ingredients from elsewhere but this book makes it a lot easier, especially if you are a dude who shops there and nowhere else and finds the idea of scrambling around town for ingredients overwhelming. This book saves you time because all you need is at your favorite store. It almost forces you to cook! It has completely reinvigorated my diet. Awesome.

This is such a wonderful cookbook. The first recipe I tried was the "Mango Nut Squash". Absolutely delicious! Last night, I made the "Brown Cabbage". The grocery store I shop at didn't have the Asian cabbage so I used bok choy like the book suggested as a variation. It was mouth-watering good! At the end of each recipe in the book are nutrition facts: calories, fat, protein and carbs. That is such a great feature since I always seem to be counting calories and watching the fat content of everything I eat. Tomorrow night I'm

going to make the *Shrimp Shitake*. The recipes are quick, easy, and healthy. If you like to eat great meals, you'll love this book!

I was recently gifted a rice cooker and I am not a big fan of just rice. My desire for innovation brought me to this book, and I loved it. The names of the recipes are engaging and fun. Pretty much personifies the food! I love the turkey soup, kung pao eggplant and the mango nut squash. I found the instructions really easy to follow and precise. Even as a first timer, the recipes were simple to use. I like how the author has introduced recipes for different situations, like workouts. Great book!

I am a rice junkie, and this book, *Rice Cooker Recipes - Asian Cooking - Quick & Easy Stir Fry - Low Sugar - Low Sodium* by Dexter Poin is loaded with great Asian recipes. And not the routine kind of recipes "how about Corn Baby Shrimp Baby or Big Red and there are lots of extras for making stir fries and the Trader Joe's bonus. I buy a lot of cookbooks, but this is one I'll be using a lot. Five stars.

This book does not meet my needs at all and I requested to return it to the vendor, but have had no response.

Very useful cook book . Practical . Highly recommend it to your library.RB at SA TX

The "Goulashinator" has plenty of helpful recipes for any bachelor trying to learn recipes with his rice cooker he bought at a swap meet one drunken afternoon. Fun little cookbook and worth checking out if you like Asian cooking.
