# 10 Topics From Everyday Life : With Hundreds Of Useful Words And Phrases (French Easy Stories)

## Synopsis

Live everyday life with Charlotte in France! These French short stories are just perfect for beginners and intermediate learners. It's a pleasant way of expanding your vocabulary, immersing in the French language and improving your comprehension whilst learning the correct pronunciation. The stories are narrated by the author with special emphasis on early text comprehension practice and pronunciation. To maximize study effects, we recommend listening to this audiobook together with a paperback or eBook edition of "French Easy Stories: 10 Topics from Everyday Life", which contains useful French-English glossaries throughout the text. For students from beginner to intermediate level (A2-B2 on the Common European Framework of Reference).

## Customer Reviews

This book includes conversations about everyday life to help you learn French in a natural and practical way. I highly recommend it for beginners and intermediate level students of the French language.

I really like this book. I like the short stories and the vocabulary help is right there in the story.

This author really know how to write for true beginners. The stories are short with unfamiliar words and expressions explained below. The reader is active in trying to figure out the grammar and meaning of the story.

Excellent, highly recommend, dictionary through the text is a great idea.

It is wonderful for use in my French classes.

I purchased this book because I have several novels published by this author and found them easy to read. This book is useful too because of the use of topics and the associated vocabulary. It is also a small size and easy to carry around. I also have a kindle but like to have a book too.

Excellent service. I would patronize again.

The plots of these stories are irrelevant to the buyer of this book. In English, these story plots would be for a 10 -12 year old - but that's perfect for an easy French reader. The buyer should have an elementary French vocabulary and this book will provide usage context as well as expand your vocabulary. I would have liked an expanded glossary - some words are not translated. The comprehension questions are useful. I enjoyed the first reading and will read it several more times.
