## Customer Reviews

OMG I LOVE IT! If you're a fan of Steampunk, or Pin Up or even Goth this coloring book is for you. The pictures are so pretty and very playful...and very detailed. I enjoy coloring every single picture.

There's a variety of drawings, all are beautiful, and pretty and adorable. I purchased this when it was under a previous name for fear of there no longer being any more of the books. I'm so glad the company was able to come up with a solution

I LOVE STEAMPUNK FASHION COLORING BOOKS!

nice

Really great!

I returned it. The art is simply a collection of miscellaneous images from Sutterstock, an online

image company. Penny Farthing Graphics (one person who is not the creator of any of these drawings) had them assembled into a book, as though it was her own work. If that wasn't bad enough, the book is printed on the cheapest possible paper that I have ever seen in any coloring books. Even children's coloring books have better paper. You could not use pencils without puncturing this 'newspaper grade' stock, and markers would bleed out in all directions. Crayons might work, but that is all.

awesome book.

A very nice collection of illustrations ranging from easy to difficult so the whole family can join in!
