# Home Quick Makeovers Top Tips: Learn How To Design, Decorate, And Furnish Your Ideal Home

## Synopsis

Let your mind soar when you dream. Don't let matters such as money and location hamper the development of your ideal plans for your perfect home. There is no reason to let your dreams become hampered by reality. In letting your dreams grow unfettered, you will be able to create the best possible outcome for your living arrangements. In other words, dream big. This book will guide you through the steps involved in designing, decorating, and furnishing your ideal home.

## Customer Reviews

I like the thoughts on making sure the home works for you before you buy, choosing location and views. The part on decorating was somewhat vague; again, with good points but too brief to really be of much value. I think this author knows what she is doing, and if she got more specific and more detailed, perhaps with a few more real-world examples, in a longer book, it would be well worth reading

It was good but I'm not thinking about building one but fixing my up not building a new one so it was not what I thought it was

Lots of ideas for designing and decorating. Good book.

was a good book

have only had time to glance at it
