available to you as a playwright Immerse yourself — put your story into focus, create full and rich characters, make the most of dialogue, and create a blueprint for your play Get your act together — discover how to put your story into composed acts and scenes, understand the importance of the climax, and bring the play to a satisfying resolution Curtain call — get expert guidance on going public with your play, from getting it read and considered to having it produced and performed before an audience Open the book and find: How to create believable characters, plots, and dialogue Expert tips on getting your play read and produced Ways to convey a theme without losing an audience Tips for attending auditions and rehearsals Potential sources of story ideas Special considerations for musicals Advice about feedback and rewrites The hallmarks of a great play

Angelo Parra is an award-winning playwright who has received national acclaim for several of his plays. He teaches theatre and playwriting at SUNY Rockland. Angelo is the founder and director of the Hudson Valley Professional Playwrights Lab and president of the board of Penguin Rep Theatre in Stony Point, New York.

A few OK parts, but it truly pales in comparison to Richard Tuscan's "Playwriting Seminars 2.0." A woefully weak area in how to format the written page for writing and submitting a play.

What can I say that has not already been said by either the Book Description, the Editorial Reviews or the other 12 reviewers. I can confirm and_ that it is fully deserving of all that has been said so far. I am not a playwright, I've never been to a creative writing class, but I have a story to tell and needed the confidence and competence to do it justice. Mr. Parra has made this a very easy, understandable, relevant, and even entertaining read that I was able to do in 2 days - without the laborious boring process I had expected it to be. As the name suggests, it may not be for the advanced and experienced playwright whatever persons such as myself it is a gold mine, a solid investment and worth far more than the price, is charging for it. I would give it six stars if I could.

It's easy to dismiss this series of books because of their titles, but this one is actually VERY good. Down-to-earth and practical knowledge is offered throughout, and there is no shortage of useful tips. I admire what this book accomplishes - it reminds pros and encourages beginners of the things that make playwriting worthwhile.

If you need someplace to start, or a quick overview, this is a good read. Practical information on the entire life of a script, from the idea through production of a performance. If you're hoping to get deep insights on the works of Chekhov or Ibsen, you'll of course be disappointed, because that's not what this book is for.

I've been out of school for a few years now and writing is a hobby I enjoy doing. This book helped a lot with understanding how to writ plays.

I finally realize that I can write. Not such a Dummy after all.

It is an excellent guide book.

Great intro to playwriting and writing in general. An easy but information packed read.
