Customer Reviews

We used this book for a 15 day driving trip around the island but just felt it was a bit weak on interesting places to check out or call to your attention where something out of the ordinary might be.

Informative

Back to Kiwi country via Self Drive Tours and this book is perfect compliment. We tried other books, but this one is like you are driving the islands, which we are, so it is easiest to find restaurants / local treats.

Lots of information. Well organized so easy to use.

Good primer on what to expect.

Not a good book. Very disjointed...few maps and few highlights. Doesn't really help to plan or even to travel inside NZ
