Customer Reviews

We own a series of Quick Study guides. These guides are clearly not a substitute for 500-page study books, but are generally very useful quick references. We routinely consult the Quick Study guides when we need to write something with a legal slant, on a scientific topic, or merely a flawlessly punctuated document. This is a generic review, as one could always argue what each Quick Study guide should contain or shouldn't contain. As a general, basic reference, the sturdy guides are excellent, well-organized, and concise.

I have been reviewing these. Everything is written in an understandable way. I thought it was going to be thrown in there, but it wasn't. I'm happy with this simple terminology cheat sheets. Helps tremendously when doing school work!

quick easy guide I love that i can use erasable markers to circle or cross out what I need more help with or what I have mastered. I have this hanging on my desk and coworkers ask me to borrow it all the time. Must have for any paralegal or law student. I am a paralegal in an law office and new coworkers always as to borrow even the law students

I keep this in my book bag. The key terms are very useful within my legal classes. It's very handy to turn to this nifty little chart for a definition of a term.

Perfect for immediate needs. A lot easier to use than the Legal Dictionary! Was great!

great for students on the go that are taking a legal class and is helpful in other areas because it has the terminology needed

Great handy on hand resource. Look forward to what else you have that might catch my interest.

Nice overview of legal terms for a newbie attorney or paralegal. Quick reference and concise definitions and terminology.
