Customer Reviews

Roxanne Evans Stout lives the Pacific Northwest with her husband and two dogs. She is the author of *Storytelling with Collage: Techniques for Layering Color and Texture*, and has been published in multiple books and magazines Her art can be found in homes around the world and her workshops, both live and online, are enjoyed by art lovers from around the world. You can find out more about Roxanne on her website: www.roxanneevansstout.com

Roxanne Evans Stout has created a book full of visual inspiration! The photographs in the book evoke the colors, textures, and patterns of the natural world while revealing a mindful point of view that is unique to the author. I have already gone through the book many times to revel in the rich visual landscapes. I know this will be a book I will continue to turn to as inspiration for making art and seeing the world mindfully. I have had the good fortune to take both online and in person

workshops from Roxanne and it has changed the way I look at art and my own process for making it.

Dancing on Raindrops is a stunning visual journey through the eye of artist, Roxanne Evans Stout, rich in inspiring photography. Have you ever wanted to peek into an artist studio, see what's on their work surface, get a glimpse into their ponderings as they work? This book is not your standard art "how to" book, it's so much more! It's a visual photographic journey through one artist's work and studio peppered with thought-provoking journal prompts that inspire traditional handwritten journaling or if your imagination takes a flight of fancy, these prompts can be a springboard for creating an art journal page with them. My one and only complaint about this stunning book is that it is not hardback. I have my copy as part of my "favorite" coffee table books that I look through again and again.

This book is absolutely beautiful! It is a work of art in itself. I love everything about it from the gorgeous artwork to the beautiful cover to the wonderful paper - everything! I look forward to Roxanne's next book.

once again I've been taken off into creative lands unknown. This is a book worth buying. It's visual poetry.
