# Vanna's Choice: Easy Crochet Critters (Leisure Arts #75266)

## Synopsis

Vanna White, the popular TV game show co-host and America's favorite crocheter, presents 10 little amigurumi animals that will capture your heart. From the alligator to the walrus, each of the 10 creatures can rest in the palm of your hand. Just think how much fun you'll have crocheting the whole zoo, especially when you use Vanna's Choice and Vanna's Choice Baby yarns from the Lion Brand Yarn Company. Enjoy the adventure of crocheting these winsome, wild creatures. They are wonderful to keep or to share! 10 designs to crochet using medium weight yarn: elephant, hippo, monkey, giraffe, alligator, lion, seal, walrus, penguin, and snowy owl. Sizes range from 4" to 8" tall.

Fun projects with super easy clear instructions to follow. My daughter got this book and was creating cuddly creatures in minutes. She actually started a little business by crocheting these animals to order for her friends at school. By adding a little clip they make fun additions to backpacks and purses. A fantastic book for crocheters of any skill level. Just be ready to buy lots of yarn, my daughter is now addicted!

I thought all of the animals looked so cute and wanted to make them to go with a baby blanket I already crocheted with similar animals on it. I've made six of the animals already just with the yarn I already had at home (red heart brand mostly). They work up easily and don't take a lot of yarn or time. I'm an experienced crocheter but these are easy enough that a beginner can accomplish, possibly with some help. They are all mostly made working in rounds using either single crochet or a decrease single crochet. The hardest part is attaching the pieces but a trick I use is to leave a long tail of yarn when you end a piece that needs to attach and used that to sew it on.

Buying this book for my mom because I have made most of the critters in it and they came out cute. If you have a rudimentary understanding of crochet (single crochet, double crochet, increasing, decreasing), you can do these with no further instruction than what the book provides.

I haven't started any projects yet, just glanced at instruction. so far, I can tell that it's not easy to follow for beginner, I'm a little disappointed as I purchased this book based on reviews that it's easy, I don't think so, at least for me. I'm a novice, but not beginner! At least it's cheap, so no big deal.

I looked at this book and assumed it must be some sort of cheap pamphlet, but the pictures say it all -- the patterns inside are one-of-a-kind and absolutely adorable. As an amigurumi book, it provides a great variety of shapes and styles which you can either craft from directly or use as a basis for your own personal creations. Once you've created each of these creatures you'll have a understanding of how to create various shapes, cylinders, curves, horns, wings, frills...The price is absolutely stunning for the patterns in this book. Most larger amigurumi books take a single pattern and use slight modifications to that same pattern just to beef up the book size. This book has unique patterns that can be adapted by the user without bloating the book just to increase its sale price. Summary: great, unique, and absolutely adorable patterns with a value price

I love this download. As I am functionally blind my tablet is able to read me the instructions. It is a slow process for me, but I love the results. And so do my firends. So it takes me longer. That's just me and not the book.

Can't wait to start making these cute items!

Very cute and easy to follow book.
