Age Range: 8 - 11 years

Grade Level: 3 - 6

## Customer Reviews

Serious bummers have been a hallmark of the You Wouldn't Want To . . . series since it began in 2001. With a trademark blend of zany cartoon illustration and unmitigated disaster, these books have elucidated why being a Roman gladiator sucked and how being on the Titanic was no fun at all. Salem Witch! casts the reader as Priscilla Bishop, a 1692 Salem, Massachusetts, girl watching her town kill itself over supposed witchcraft. The spastic art and warring blocks of text gum up the lessons somewhat, but such bewildering details as the urine-soaked "witch cake" fed to truth-telling dogs make it worth it. With its continued procession of terrified, deranged, and doomed protagonists, this is one series that deserves to keep bumming us out. Grades 3-5. --Daniel Kraus

This book is so fun and great quick reference for students! I'm currently using it in my high school classroom and the kids think it is hilarious!

A fun read for the students to learn about the "fun" facts of this point in history.

It was a great deal of fun to read, as are the other books in this series.

It tells what they believe back then and it tells what it's like to be Puritan. The book shows why the Salem started and did. It gives you helpful tips when in Salem and it's worth it.

Was fun to read right before we visited Salem, MA!!! And now it's making me write more words so I can post this review....that's silly!!!!

Jose and his brothers cause a huge bounty of pumpkins to grow in the town by accident, but have the great moral character to help the townspeople harvest without seeking praise. Wonderful story and vibrant illustrations!
