## Customer Reviews

This is exactly what you would expect for a street map. Two limitations: First, it's very dense and the streets and names are very small. Second, it's limited in the area covered and doesn't extend out as far as one might like given recent growth patterns in the area.

Exactly what I wanted and expected - detailed city map of Charleston and the surrounding areas.

Excellent map of the Charleston area. Very hard to find this level of detail.

Not what I really expected. It's okay.

Yes it was what I wanted. Won't use it until the summer. Easy to pack and use. I have a local one that I use all the time.

good

What can one say, it's a detailed map.

I'm posting this review in hope that someone from Rand McNally will read it and post a thumbnail of what is shown on this map, and all of the other maps they have listed. I was just trying to get a map of NNPTC and downtown Charleston to frame, and this was not the map for that. It's not like maps are expensive, but needing to order and reorder maps because there isn't any indication of what the map shows is a waste of some poor tree's life. It's probably sufficient for navigating without GPS, though.
