Customer Reviews

This book has some really great information for this planning to move to the Charleston, SC area. I really appreciated the information on how to decide where you want to live. I glad I purchased it.

Potentially moving to Charleston in a few months and really appreciated the background. In everything I read - no one mentioned flood insurance!It would be nice to include sections on

diversity, specifically LGBTQ living. Coming from a big, inclusive city, this would be helpful! The other piece I feel I'm missing is the book seems to be hyperlinked, but I didn't get a live version so I can't get those addresses? Did my book not come with that option?

The information appeared good, but it was a small, small book. Not worth twenty bucks in my opinion. We ended up sending it back.

I am moving to Charleston in next few months & this book is definitely helpful/ I am looking forward to my move !

waaay too much money for content you can find online

Got this for our Mid and his sailor wife as they were moving to Charleston. They said it was helpful.

Just what I needed.
