Orthopedic surgeon by day, Dr. Linda Rasmussen is a professional photographer well known for her distinctive perspective and ability to bring out Mother Nature's most unique and awesome beauty. Based in Hawaii, she has daily access to some of the most stunning scenery found anywhere. She travels the world with camera in hand and is eager to share with you what she sees through her lens.

This is a beautiful book with amazing photographs of O'ahu. I bought it for a gift and decided to keep it for myself!

Beautiful book!! Love it! Gorgeous photos!

It is not everyday that the title of a publication matches its contents. Nani Oahu that translates into Beautiful Oahu is certainly one such publication. Linda Rasmussen has done a magnificent job in capturing with great sensitivity what is beautiful in Hawai'i in this superbly illustrated high quality publication. Dr. Rasmussen is a highly respected and highly skilled orthopedic surgeon who has

penetrating trained eyes that do not miss any detail, and in this instance she does not miss any beautiful detail that abound in this delightful publication. I highly recommend this book as a personal possession as well as a gift on any happy occasion.

Just wow! I don't know how she does it! As a busy and in demand surgeon, Dr Rasmussen still somehow had time not only to take and edit so many gorgeous photos from all over the island from sunrise to sunset, but she published a book of them!! Blows me away! As a photographer, I can fully appreciate how much time, effort and love when into a project like this. She is one super talented lady! After purchasing one for yourself, pick one up for any of your friend or family who have been to Oahu or who want to visit Oahu. Wonderful, wonderful collection!

A stimulating collection of photos, often of places seldom seen by the typical tourist, let alone the local resident. Rasmussen's adventures out into the country and to many difficult-to-access-places provides the owner/reader of the book a rich visual experience, all without the need to get ones boots dirty. Her views are sometimes photographed from a low view, almost as if a youngster was shooting the picture. This provides taller folks with a fresh visual smile, and helps to invite the shorter set to feel included in a rich, visually inclusive, experience.

Linda Rasmussen is as gifted a photographer as she is a surgeon! This book brings the natural beauty of Oahu alive and in the hands of the viewer. Each picture draws you into the scene as if you were there and makes you want to book the next flight! This book is a treasure you don't want to miss!

This is simply the most exquisite depiction of O'ahu. The beautiful sunsets and sunrises shows it all. The book is beautifully presented and the photos just breathtaking. A real coffee table show stopper. We live in New Zealand and think we have a beautiful country but to own and see this book just wants to make you book the first flight to Hawaii. Absolutely fabulous and every detail noted. This would make a wonderful to gift who loves Hawaii or has ever dreamed of travelling there. Nicky & Moses Sevier Christchurch, New Zealand

Nani O'ahu... Beautiful O'ahu by Dr. Linda Rasmussen, is a masterpiece of breathtaking photography! Each page is a frameable collectible. I purchased several copies & one of them was sent to friends in Germany--[soo easy to mail anywhere in the world, as it fits perfectly into any U.S.

Postal Service Flat Rate envelope!] I taught art in Hawaii for over twenty five years; I was captivated by Dr. Rasmussen's "gifted eye" in choosing not only magnificent subject matter, but snapping pictures at the exact moment of perfection--sunset, sunrise, moonrise, hovering rainbows, clouds billowing in the sky... The Bureau of Tourism in Hawaii should send copies of this book to agents all over the world to promote Oahu as a positively majestic tourist destination. I give this book five stars+...
