## Customer Reviews

It arrived with dog eared pages. It was a Christmas gift that arrived xmas eve. Very upset

I got this for my friend as a gift. He loves it!

Was exactly as advertised. The tabs were a little complex, but just what you want if you want to play Social D songs.

I was very happy with the guitars tab booklet I purchased. It did make it to my house on time as it was a gift that was very important. It came in excellent condition and the person I gave it to is very happy with it as well.

Good book but tab/type is very small. Need magnifying glass to see the text. Nice photos though,

and overall ok. Just very small font size.

Awesome music book. a must have for any old school punk rocker. A classic book of Americana music

If you want to learn the riffs, beats, and all that makes punk have the sharpest teeth in music, then this book is for you. You will learn to walk, then run, as you play the music that defined an era of Orange County's finest hour. Hang out in alleys drinking Guinness at Mickey's, warm yourself up for the show, and help punk reach another generation of the quintessential American youth.

This book is awesome. It shows you how to play things that I never would have figured out. I also like this book because it has all of SD's greatest hits. I recommend this book to any Social Distortion fan!
