Customer Reviews

This book is a great quick read. It was deep, honest, and intriguing. Job well done. Looking forward to future projects.

Loved it!

Ms. Adiva is a writer's writer! As an author/poet myself it takes something special to intrigue me fully and "Memoirs of the Beautifully Insane" pulled me in line, bait and sinker. Geniuneness crosses all barriers, age, race, nationalities, sex etc. Ms. Adiva invited you to look into her personal notebook

and journals which is truly refreshing in a world that has turned so cold. If you are looking for something that you will read more than once through life or that your spirit will yearn for, BUY A COPY NOW! I did and I'm already waiting on her next release as we speak, 5 stars Ma'am Bravo!!!

Memoirs of the Beautifully Insane is a book truly written from the heart. You can feel the Authors passion and love through her words and stories. "It began with..." gives you a sexual side, "Period" gives you the life experience side, "Mind war" gives you a mental and emotion side, and so many others give you doses of love, life, growth and spiritual connection. I connected with so many entries and thoroughly enjoyed getting a peek into this Author's world. I would definitely buy another book from Adiva Williams.

I've had this book for a little while now, and I've read parts of it more than once. Miss Adiva Williams uses words to take you on a journey into her world. Along the way, the intrigue, the insightfulness, and the inspiration she provides will keep you thoroughly entertained. My PartSis has written a great book that can be given as a gift or bought for self, either way, you can't go wrong with purchasing a copy. Memoirs of the Beautifully Insane by Adiva Williams.
