Customer Reviews

My 2 year old is a huge Cars fan we have all the friendship boxes and I had to get these as soon as he started showing interest in colors and counting. He loves them, there's Shapes, Colors, Counting and Opposites. Each with cute illustrations and all your favorite characters including Lizzie. Easy to read and easy for the little hands to hold and carry around. Highly recommend these books.

These are great books for your young toddler. My son loves them! The carrying case is also convenient for travel.

Purchased as a gift - child likes them and they're pretty sturdy, so there's a chance they'll last a while with the kids.

I gave this for my 3 year old on his birthday. It has a neat carrying case so my takes it around like its a toy and he makes me read all 4 books it to him at least 3 times a week. I would say this gift made the top 3 list.

My son loves these book. Like that it has a container to keep the in.

My son loves these books. He is only 2 and now knows opposites, shapes, numbers, and colors. Granted I have to read all 4 of them everyday, but it's fun to watch him learn!! He takes them to bed every night too and they haven't fallen apart. Great books!!

Missing one page for 7. Lazy to return!

Simple books but good for babies.
