Peonies (Firefly Gardener's Guide)

Synopsis

A richly illustrated guide to growing a most satisfying perennial, the peony. The dazzling peony with its generous blooms is revered and treasured in North America as it has been for centuries in its country of origin, China. Peonies is a comprehensive guide to selecting and growing the best species and hybrids for every region and garden condition. In an easy-to-use format, this informative and practical reference book has dozens of color photographs and features chapters on: Genus Paeonia and the modern hybrids Ornamental and herbaceous peonies Tree peonies, the "king of flowers" Cultivation and propagation techniques Fertilizers, preferred soil composition, watering and over-wintering Remedies for pests, diseases and disorders Landscaping recommendations with peonies Displaying peonies indoors The origin and history of peonies. There is also a valuable appendix of selected varieties and a listing of associations and suppliers.

Customer Reviews

Delicious tidbits abound in this book, which is packed with historical and scientific detail, but is never pedantic or boring.... If you're into peonies, this is the book for you. (Mary Jane Smetanka Star Tribune (Minneapolis) 2007-05-30)Not only [a] useful reference guide but also looks gorgeous on a coffee table book. (Margot Austin Style at Home)Easy-to-use format and practical advice. (Rachael Green American Reference Books Annual)144 pages of pure delight. You will not put this one down. (Ian Munt The Sudbury Star 2007-07-10)A comprehensive overview of the peony. (Brenda Ruzycki Edmonton Sun 2007-07-15)Old-fashioned, romantic, and winter-hardy, peonies

get the full treatment here with enticing photos and accessible cultural advice. No northeast garden should be without a selection of these beauties. (Eboni A. Francis Library Journal)An informative and interesting guide on planting, growing and caring for peonies... delves into the history and the botany. (Jessica Damiano Melville Newsday 2006-09-07)An excellent overview... geared to a North American audience, paying full mind to appropriate planting zones... The text will remind gardeners what exceptionally long-live and trouble-free plants these are, how broad and subtly diverse their color range is... enticing photographs... a lovely offering for general readers in public libraries. (Margaret Heilbrun Library Journal 2006-10-01)For gardeners who want to learn how to choose the best peony varieties and how to care for them. (Michigan Gardener)A comprehensive overview... photographs provide a guide for gardeners who want to find out how to choose the best varieties and to care for them. (Suzanne Hively Cleveland Plain Dealer 2006-08-21)A fairly good introduction for the uninitiated, this book clears up questions about peony species, care, propagation and problems. (Mary Fran McQuade Beach Metro Community News 2006-11-28)Another worthy addition to any gardener's library ... Lavishly illustrated and comprehensive. (Steve Whysall Vancouver Sun 2006-12-08)Peonies are surely among the most glorious of flowers... The book is superbly illustrated. (Ken Smith London Free Press 2006-11-18)If you're a peony lover like me, you'll enjoy Peonies by Pamela McGeorge. It's beautiful, informative and practical with lots of color photos, history, cultivation and propagation techniques, details for care and feeding including over-wintering and remedies for pests and diseases. (Sara Busse Charleston Gazette 2009-04-05)

Pamela McGeorge is the author of three previous titles for Firefly Books, for which Russell McGeorge was the photographer: Carnations and Pinks, Lilies and Irises.

Very helpful book for a beginning grower. Lots of lovely pictures and easy to understand prose.

I love to garden and love to read, you can never know enough about gardening and your favorite plants, You need to learn how totake care of the plants you like and keep the investment of plants alive.

excellent

Compared to my favourite book on peonies by Alan Rogers, this book does not contain the detailed information on topics such as propagation, etc. that I am looking for. However, it is a beautiful and

interesting book that I have read many times. I will continue to use it as a source of information and inspiration.

It is always wonderful to gather information from various growers and put it to good use.

This is the my favorite peony book.It's affordable. It has amazing color pictures, more than you could ever ask for.The text is clear, readable and informative.And yes, its a Firefly book, a publisher of great gardening books.Thank you for making me happy.

Russell McGeorge's PEONIES is a bright, beautiful volume for gardeners who want to focus on the flower. History blends with practical gardening tips on how to grow a variety of peonies, from herbaceous varieties to tree peonies, along with details on how they can blend into an existing landscape or garden. Care directions cover everything from planting to dividing, moving, and troubleshooting common problems. Recommended for any gardening library.
