Crimson Debt: Born To Darkness Series, Book 1

Synopsis

Addison Godwin is a nonglam - one of the one in 10,000 humans who is immune to vampire glamour and mind tricks. Her gift enables her to work as an auditor, enforcing the law that vampires and humans keep their distance from each other except in a purely nonphysical way. The law is necessary because when a vampire tries to have sex with a human, their bloodlust combines with their sexual appetite, and the result looks like roadkill. Alec Corbin is a four-star master vampire with piercing blue eyes and intentions to get Addison into his bed. He promises he can be gentle, but Addison has seen way too many vamp/human crime scenes to go for that. She has no interest in the six-foot-four hunk of sexy vampire man candy, even if he is supernaturally hot. But just because she audits (and sometimes executes) vampires for a living doesn't mean she hates them all. Her best friend, Taylor, was turned against her will. Now living as a slave to one of the crueler master vamps in town, she leads a miserable existence, and Addison is helpless to save her within the confines of the law. Things come to a head when the vampire inquisitor comes to town, and Taylor is given to him as a sex slave. When Addison sees her best friend tortured, beaten, and burned with silver, she knows she has to do something - even if it means teaming up with Corbin and paying the crimson debt. Contains mature themes.

Customer Reviews

I got to about 66% and was getting ready to throw my Kindle at the wall. The heroine pissed me off SO MUCH. She was so stubborn and on the point of being really STUPID. I mean, come on. Someone tells you, "If you lose your temper you put us in such horrible danger" but they don't care,

they are going to say and do whatever they want - and put everyone in danger. I HATE people like this. This had happened in another book I read by this author - Deal With the Devil - wherein the heroine pissed me off so much, I hated her and the book. But with both books, I stuck it out and of course, got a HEA and both heroines got their heads out of their booties so that I could like them and the stories. This, I am sure, is the sign of an awesome writer - one who makes you feel so strongly about imaginary characters! In this book, tho, I felt this heroine was very dishonorable in so many little ways until she straightened out. BUT other than that glitch - this was an amazing book and story. I do like this author very much (I've purchased almost all her books and am working on the rest). I just hope these two heroines are not indicative of her idea of how a woman should act because then I am going to be angry through half a book on every book I read. This puts my Kindle in danger because I want to throw things. I pray she changes that in other books and that not all her women characters are stubborn to the point of stupidity! You will like the book - it's a different take on vampire and humans - just go into it knowing the heroine is probably going to tick you off. Then just sit down and enjoy the story - it's great!

I love Evangeline Anderson's Brides of the Kindred, one of my favorite paranormal/ sci-fi series, and I was thrilled that Crimson Debt was just as good. I can tell that Born to Darkness is going to be an amazing series. Corbin is a 4 century old Vampire who owns a successful club and is obsessed with Addison who he can't have. Addison is an auditor, enforcing the law to keep vampires away from humans because when they hookup the human often doesn't make it in one piece. She hates all vampires except for Taylor, her best friend, who was turned against her will by a sadistic vampire mistress named Celeste. When Celeste gifts Taylor to the Vampire Inquisitor as his sex slave, and Addison learns what he's done to her best friend she makes a deal with Corbin to save Taylor. Corbin calls in a debt and has Victor, a reluctant vampire, bond to Taylor. Will Corbin be able to convince Addison that they belong together? Is it real love or is she just a snack to him? What happens when facing death in the face with no way out? How could a relationship between a Vampire and Auditor work?

I'm very much into Evangeline Anderson's Brides of the Kindred so when I saw she was starting a new project I had to check it out. Crimson Debt has everything a reader could possibly want in a story. The Character you love to hate (This one has two) and the Characters you love to love. You have a 4 century old Vampire Corbin who is in love with Addison who happens to be an auditor enforcing the law to keep vampires away from humans because when they meet up and do the

deed the human always comes out in pieces. Then you have Taylor who is Addison's best friend who was turned against her will and her mistress is the sadistic vampire from hell. I don't want to go into too much detail because I don't want to give the story away. But let's just say when Taylor's Mistress Celeste gives Taylor to the Vampire Inquisitor and Addison learns what he's done to her she strikes a deal with Corbin to get Taylor to safety. From this point on the story is a holding your breath type of read. I loved that Corbin called in a debt and had Victor bond to Taylor I was happy dancing with this one. I'm not going any further with this story because it is a must read and I absolutely can't wait until Scarlet Heat (Taylor & Victor's story) is released. But I will tease here and tell you Addison paid the CRIMSON DEBT and came out alive.

This book was a surprise to me. I usually don't read this kind of paranormal romance but the author wrote an intriguing story. The heroine was strong, funny and sacrificed to help her friend and lover. The vampire was very old but had not turned into a monster like some of his kind. He was in love with her and was patient and persistent. This book is highly erotic. I thought that the eroticism fit the storyline and didn't seem gratuitous. Little SPOILER here...skip the last part of this review to avoid it. The "bad guys" were evil and I enjoyed their comeuppance.

This storyline will have you glued to the pages!. Aliec Corban is the super sexy Master Vampire of Tampa Florida. He owns the club Under The Fang a glam-sex club. Addison is a Auditor for Vampires her job is to keep them on the up and up. She is also the mandated Vamp executioner. Addison is at Under The Fang checking up on it. So far the club has never received any complaints. Corbin hits on Addison he wants more than just her blood, but that is illegal!. Addison's best friend Taylor is a Vamp she is not very good at feeding so Addison had been letting Taylor feed on her. Addison feels it's her fault Taylor is a Vamp this is why she became an auditor/executioner. Addison needs to save Taylor from her maker only she can not do it herself so she turns to Corbin. Corbin sees a chance to get what he wants so he agrees lol. Can they save Taylor?. Can Addison keep from losing her heart to Corbin?. This is an super exciting, funny, suspenseful, sweet, and Scorching hot Vampire Romance!. You must read this book!.
