Wine For Dummies

Synopsis

Are you up to date on today's wine scene? *Wine For Dummies*, 6th Edition reveals what's in, what's out, and what's new in wine. With new and revised content, this edition of the popular *Wine For Dummies* text takes you on a tour of emerging and old world wine regions, showcasing the varieties and styles you need to know to stay up to date on today's wine scene. In addition to highlighting wines themselves, this approachable resource offers insight into wine shops, supermarket wine selections, wine and food pairings, vintage charts, and price guidelines. For the aspiring wine aficionado, the text offers expert advice on buying, collecting, and rating wines—and can direct you in updating your personal collection through its thorough guidance. Wine has, for generations, been an important part of culture and society around the world. Over time, trends in wine change—as do the ways in which it is created, celebrated, and enjoyed. Exploring today's wine trends is a great way to learn more about and appreciate different cultures—and let's be honest: educational value aside, wine tastes amazing. Understand different grape varieties and varying wine styles Read wine lists and labels, and understand how to use them to make the right purchases Pair your wine with food in a way that will bring out the best flavors in all aspects of your meal Explore how to best select, store, open, pour, and enjoy your wine *Wine For Dummies*, 6th Edition provides you with the information you need to confidently navigate today's wine scene!

Each page has a little tidbit that is new for me.....and I am from Napa. Will use as reference book also.

The best book on wine I have ever had. I am a career bartender and have been for years. This is the one book I recommend.

Bought this for my boyfriend and he is really enjoying

Easy to read and really makes wine easy to understand

I used to have an older version of this book with clearer pictures and high quality paper. This one is

not at all the same, black and white with soft paper. Not at all what I expected

Very informative. Describes different wine regions with the names and bottlers from that area. Great for neophyte wine enthusiasts. This book is teaching us how to build the solid foundation for one's future wine knowledge.

We recently visited wine country and was amazed at the depth of knowledge so many had about wine... This is a wonderful book that is very easy to follow and learn by.... A must for ALL that just want simple to deep knowledge about wine!

As usual, this series does a good job of breaking down the complexities of wine and wine making in an easy to read, understandable format.
