Customer Reviews

Very disappointing. Very inaccurate for the most part. Some things are okay, but a lot of stuff is just wrong. Most of the things that are wrong don't even make sense. Wrong chords, wrong amount/types of notes. So if you're a fan of Boston, and you want to learn to play their songs on the guitar, it's best to stay away from this book. It may have 3 albums on it, but what good is that when they're not right?
